JUDGES CRITIQUE

Mr Yoshio Mori

Very big entry – 81 dogs. Very, very high quality. Character and temperament is very stable and almost all were true to type and sound. Balance between head and body and forequarter and hindquarter is very good. The Best of Breed had very good substance (muscle & bone), was square built and had a very typey head expression. The balance between the muzzle and skull was ideal. It had a powerful and harmonic gait.

JUDGES CRITIQUE

Mr Izumi Awashima

Very good quality and type. Some dogs need more size. Every dog has dew claws on hind legs. 2 types of head expression (American & European), but both are acceptable. Strong, powerful and free moving. All exhibits have very stable and breed characteristic temperament.

Mr Yoshio Mori

In general, quality is very high. Very promising future in this breed. I found some dogs which have over angulated hind legs. It is not good as a sight hound. My Best of Breed had a beautiful silky coat, top line and underline was very good, had a very good head expression, very good and balanced movement and presentation and condition was very good.

Very, very high quality with good soundness. Typey, good temperament and character. Many dogs have typical head expression (Samoyed smile), very good top line, shoulders well laid back. Upper arm long enough and angulated. Properly angulated hindquarter. Some dogs need more pigmentation by nose, eye rim and lips. In general, powerful, free and tireless movement in appearance with long stride.

A lovely entry with some very good dogs. This was the first time I had judged Schipperkes with tails and I must say I found them quite charming. All the heads were very typical with nice foxy expressions and lovely dark eyes. There were one or two long bodied dogs, but all my winners were well balanced with strong bodies and wonderful coats and manes. They moved and showed well.

Good number of entries. On average, good quality. Square and sturdy build, rough coated but elegant. Good size and coat was wiry and dense. More than 70% were salt and pepper colour. Some dogs have brown colour spots on the coat (influence of sunshine?)

My general impression was that the dogs were powerful and stocky. Square built, coat was wiry, harsh and dense enough. Coat colour is pure black and good pigmented nose. Very good size and on average, very high quality.
