JUDGES CRITIQUES AS PRESENTED - ACTION DOGS

MR J (SKEETA) RYAN

Obedience

Utility Dogs

Whilst the number of exhibits was small, the quality of the qualifying dogs was very high, if not outstanding. The first and second dogs were very competitive.

Open Dogs

Again a small number of exhibits, but they proved to be very enjoyable to judge. The quality of the work was of a high standard.

Novice Dogs

This class was extremely enjoyable to judge. It was within this class that we all were able to appreciate that dogs are not robots, some behaved in what is perceived to be a normal way but others produced the unexpected. It was very pleasing to note that, overall Novice work was good and in some cases very high.

Utility Bitches

Although the number of exhibits was small, the quality of the work was very good. However, unfortunately for most, the sudden death of zero for simple failures took its toll on the field of good and steady workers. There were some outstanding individual exercise performances and the final scores definitely did not reflect the demonstrated potential within these Utility bitches.

Open Bitches

This was the biggest class with the majority of entrants providing good competition to each other. The winning Bitch on the day demonstrated a level of companion excellence seldomly seen. The willingness and determination to do exactly what was asked makes this Bitch one in a million.

Novice Bitches

A slightly larger class than the Novice dog, however most were to a slightly higher standard than the dog class. Overall a good field of Novice Bitch entrants.

Summary

Thank you for being a cooperative group of competitors who encouraged and enjoyed each others participation.

Agility

Overall a typical range of Agility dogs from those who are top dogs through those are still to achieve and those who are still learning. The obvious adage that the greatest handicap in Agility is the handler was clearly demonstrated by many.

Master

A combination of a flowing and control within this course whilst handled well by many was attacked by others in a manner that saw many entrapped by the control points.

Open

This was a control course that, whilst given extra time to the calculated SCT, saw the majority of dogs being enticed into the tunnels or onto the dog walk. Consequently the number of qualifiers did not reflect the quality and potential amongst the entrants. The table start certainly added to the challenge.

Novice

A straight forward course that enabled novice dogs and handlers to have a go. This field was reflective of a good standard of novice course approach and run.

Jumping

Whilst the layout of the courses on the ground enabled a faster time than planned, the courses still ended up in general, open and flowing patterns, where time was the challenge. For all levels the approach and running of the courses was good. Some who attempted to set their dog were trapped by the dog running past the side of the obstacles. It was very pleasing to see competitors whose dogs faulting, going on and allowing the spectators to be entertained and enjoy the activity.

Best In Trial

With the Winner of Winners there was very little between the two top dogs, whilst the remainder clearly demonstrated the effects of their program and the environment of many close in spectators.

The support given to me was outstanding and all aspects of organisation assured a most successful event. It was a pleasure and a privilege to be part of and to be able to join in with spontaneous response that contributed to overall spectator and competitor enjoyment.

The facilities were of a very high standard and in their deference (concrete floor) highlighted the enthusiasm of many of the competing dogs.

Thank you to all those involved in the preparation, set up and conduct of all the Obedience and Agility activities.

The assistance provided to myself throughout the program is a credit to all those involved. The Stewards whilst being individuals were well experienced and complement the running of all of the events and were of excellent assistance to me.
