Judges Critiques as presented

Mr Yoshio Mori

Thursday, 18 September 2003

Dogue De Bordeaux

My B.O.B. has a good front angulations, and good drive, strong bone structure. My challenge has volume and harmony of the body.

Leonberger

My challenge dog has good balance in body, soundness. My challenge bitch has good drive and reach in feminine expression.

If possible, I would like to have a little more good coat condition, and show manner as large size breed.

Neapolitan Mastiff

My B.O.B. has very massive expression and has excellent head piece. My challenge bitch was feminine appearances, and has very nice body. The entry was big, all of the handlers were showing excellent. Hope some of younger dogs have more show training.

Portuguese Water Dog

The entry was good. Most of the dogs and bitches are sound in construction, with good temperament. My challenge (B.O.B.) is very good in body structures, character, and good foot work.

Samoyed

The entry was big and all exhibitors were in good manner, and grooming well.

It will not be easy to keep good expression on head piece, but I saw many outstanding expression.

My challenge dog has typical good eye expressions with intelligent expressions, good pigment. Coat is good double coat. All angulations are good, so has strong movement.

My challenge bitch has very feminine expression with correct construction in good balance and size.

Puppy has good expression and good driving with nice quality of coat.

Friday, 19 September 2003

Schnauzer

It was outstanding entries. All of handlers were very polite to judge and dogs which is nice.

Quality of this breed is good, I feel.

My challenge dog was nice dog, good movement, his topline was a slightly loose and needs a little more grooming for coat. But I like him.

My challenge bitch, she is a square, has quality coat, with good care with prancing.

Best Puppy has good coat and topline.

Schnauzer (Giant)

My challenge bitch, she has very good texture of coat, and square body, movement good.

Challenge dog has also good coat and balance. I found some dogs has to be narrow (a little more) skull. Many of the entries had a nice temperament.

Schnauzer (Miniature)

The entry was big, and average of quality was very good. I feel if you groom and trim more harder you will get more quality. And I would like to suggest, it will be better take rubber sole shoes, for the dogs.

My challenges have very good characters, quality of the body and expressions.

Some dogs should be a little smaller.

Tibetan Mastiff

It was not many entry but valuable number as this breed.

My challenge dog is beautiful red sable with a powerful body and expression. He has good eyes.

Challenge bitch, she is nice in colour and powerful but feminine with good front. Both dogs moved very good.

Saturday, 20 September 2003

Shetland Sheepdog

I have expected to judge this breed in this country because sheltie is one of my special breeds. The quality and type was almost the same as I expected.

Most of them were British type and I saw a few or more American type.

My Challenge Dog was beautiful, has a good construction with attractive steps and soundness.

My Challenge Bitch was quite different type but with correct construction, elegance and feminine expression.

But I would say, need a little more powerful movement (her step was correct). Both Challenge had an opposite type between two, but I feel both were correct. And I would like to say for puppies, they need more quality.

I enjoy with all, nice dogs and good showing. Thank you.

Newfoundland

The quality of this breed was good. Including my Challenge, most of dogs had good step without waste the driving, and shiny good texture coat.

My Challenge Dog from Intermediate class had good size with powerful drive and step.

My Challenge Bitch was feminine but good stride not waste her power.

Shiba Inu

I expected to see this breed, but I could not say they are high quality. I found some of too round eyes, wrong set of eyes and ears. And I think they need to have good coat condition and character as this breed. We need good construction of the body.

St Bernard

Most of this entry were a good size. But I felt some of constitution or inclination are loose. As one of the largest breed they need to have good construction and strong muscles. My Challenge from Open class was good size and nice movement with good combination of front and rear. He has outstanding head piece and expression.

Sunday, 21 September 2003

Bernese Mountain Dog

A quality of this breed was very good, I found nice type as this breed.

My Challenge went to the Best of Breed, was excellent balanced dog and nice head piece, with good shape of eyes.

Most of the dogs have quality coat and typical head piece. I enjoyed. Thank you

Black Russian Terrier

I have judged this breed in Russia a few years ago. Exhibitors and dogs were very nice but quality is fair. I prefer more firm body and correct construction.

My Best of Breed has good balance but need stronger and lively expression and construction.

Komondor

No entries

Dobermann

Most of the entry were good size, condition, which I could imagine how the owners treat the dogs well. It's hard to have a good combination with the body and real good head piece maybe. Some dogs have a nice body but too round eyes, a lighter colour of eyes, too much cheek a width of skull, etc.

My Challenge Bitch went to the Best of Breed she got nice body with depth and width, and nice driving.

My Challenge Dog is also beautiful Black & Tan, and has different type from the bitch.

Monday, 22 September 2003

Boxer

Totally there were two types, I feel.

Some dogs were a little cheeky & heavier in head piece, and some dogs were clean cut with good heads. My Best of Breed brindle bitch had good balance and with a feminine expression, firm body, active movement and square structure.

Bullmastiff

I enjoyed this breed with very good quality. I felt, on the whole, they were high quality. They had nice width and deep chest, strong movement and good movement.

Especially my Best of Breed fawn bitch has a beautiful head without excess wrinkles, and nice top line. And other winners also have excellent bodies in this breed. Thank you.

Pyrenean Mountain Dog

I was satisfied by their size, because large enough, but quality is fair. Expression of head piece, I prefer some how to be more clean.

My Best of Breed has slightly longer muzzle but in balance with good body.

Depend on way to grooming you will have more fine coat.

Rottweiler

As a whole of entries, some dogs have a nice width, depth of chest and balance in body.

Best of Breed was in good balance and nice angulation in front & rear, movement was very good. Head piece was good in combination with each parts.

Wednesday, 24 September 2003

Collie (Rough)

I had pleasant time with many entry of my special breed Collie. I saw a few (or some) of American type of dogs, and others were so to say, I feel British type.

I felt nearly all the dogs are in good size, not too high (tall), and has good structure with firm body. I choosed Blue Merl Dog to my Best Of Breed, because he has nice head piece, match for his other part, for example, shape of eyes, length and depth of the head & body etc. My challenge bitch has the same type as this dog challenge. She was feminine with a nice movement.

But against, the B.O.B, I chose Sable dog to runner up B.O.B Runner up has good movement and has quality of head. I like his balance.

I was impressed with all the exhibitors who showed me nice attitude for showing their dogs.

Thank you

Collie (Smooth)

In my experience, it is so hard to have good one. However, my Best Of Breed was in balance, has typical head piece with flat cheek and muzzle.

Akita Inu

I had some dogs without good condition especially, some had not firm muscles. It is hard to say but the shape of ear, ear-set, size, face need more, something vital feeling. But my challenges had firm body and good structure, powerful movement. Thank you.

Mastiff

Handlers with this breed seemed very intensity for showing their dogs like other breeds. It is not easy to showing large and heavy dogs. This breed is a broad, heavy, massive, well-knit framed. So, I feel some dogs need to have well-knitted frame on their all over.

Among the entry I picked up Bitch challenge B.O.B. She is lovely fawn, and nicer movement.

My challenge dog was in good condition and proportion with good enough size in this breed.

Siberian Husky

It was beautiful entry and dogs. They are more correct and sound than I expected.

Also, I was impressed with the grooming of their dogs. My Best Of Breed was the Bitch Challenge. She was beautiful dog with nice movement and has nice eyes and head shape.

My dog challenge from the open class was also move well & sound.

I prefer the character of this breed in here.

Thursday, 25 September 2003

Cocker Spaniel

I think balance is the most important point for judging, not only with good head piece, nor run fast, nor good angulation. I found several nice dogs with good head, eyes, movement, etc. I saw some dogs were heavier, too much coat.

I would like to choose the dog in balance. My Best Of Breed was from Junior dog class, Red, he was good construction, with firm constitution and good eyes.

Cocker Spaniel (American)

It was a pleasing entry to me. I had many nice quality dogs. They had good movement in balance and type were good.

My challenge dog and bitch were very high quality dogs. Both had outstanding structure of balance, good firm body, good expression of their movement. I chose the dog for the Best Of Breed because he is massive and matured.

German Shepherd Dog

It was fun to judge. The type of my entries today were of two types. My challenge Bitch, Best Of Breed has correct shoulder and nice rear angulation, firm body, and excellent head piece.

She moves powerful reach and drive, endurance strides.

Friday, 26 September 2003

Alaskan Malamute

It was pleasant time with a lot of very high quality dogs. I found many nice dogs, I was pleased with them so much. Also, I have found nice puppies, but they are not matured yet, will have nice and bright future.

My challenge dog has strong structure of the body especially good rib cage and neck, with good quality of coat. He was telling me with proud that I am Alaskan Malamute. I picked him

for B.O.B. I like also R. challenge dog he was good enough. My challenge bitch the reason I pick her was because she has really nice type and movement. She also has good firm bones, with feminine expression.

Thank you for showing me such nice dogs.

Mr Satoshi Bessho

Thursday, 18 September 2003

Bouvier Des Flandres

My challenge bitch as very good expression of her head, and in good balance, movement.

Welsh Corgi (Cardigan)

Most of the entries (dogs and bitches) are nice and well trained. Quality are very high.

My B.O.B. from puppy class, but has good neck line, correct back line and correct movement.

Welsh Corgi (Pembroke)

The quality is very high, and grooming and conditioning are excellent.

My challenge has correct movement with ideal body construction.

Eurasier

No entries

French Bulldog

Best of Breed has correct expression, and good front, nice short back.

I saw many excellent and sound dogs.

Japanese Spitz

I felt some of them are a little larger, but appearance was good. My challenge dog has typical head with an excellent movement.

My challenge bitch has a good size and proportion.

Friday, 19 September 2003

Australian Cattle Dog

Dog - beautiful movement with good front and rear angulation. I feel its almost perfect.

Bitch - with soft and nice muscles, free for move, very good pair with a handler.

Puppy - nice top line, good movement and good tail set.

Australian Kelpie

Best of Breed was Red, dog. He has correct movement, powerful and has beautiful head piece.

Challenge Bitch, nice movement with good top line.

Australian Stumpy Tail Cattle Dog

Quality is high. Most of the dogs move smoothly and powerful.

My challenge has correct top line and movement.

Belgian Shepherd Dog (Groenendael)

My challenge (B.O.B.) has beautiful top line and good movement. Colour is very nice.

Belgian Shepherd Dog (Laekenois)

Best of Breed has good expression and movement. Also coat is excellent.

Belgian Shepherd Dog (Malinois)

It is only one entry but has good movement and colour. Front and rear combination was good.

Belgian Shepherd Dog (Tervueren)

B.O.B. Coat was very good and top line is almost ideal type to me. If you give more grooming, they will have more showy coat.

Puli

My Best of Breed was very gorgeous, colour and coat. Movement was correct.

All this entry has well grooming and of good condition.

Saturday, 20 September 2003

Pomeranian

Most of the entry, the size was ideal and correct but lack of quality of head expression.

My Challenge bitch, Best of Breed had nice expression of head, good tail set and short back.

Movement was correct. Coat and volume of coat were very good.

My Challenge Dog has very good shape of eyes, and good set ears, in balance.

Border Collie

The entry was very big.

My Challenge Dog was beautiful head and expression, and has nice driving.

My Best of Breed, she had outstanding body with correct movement. I saw many of them have good balance and angulations.

I was very impressed with of this breed.

Maremma Sheepdog

My Challenge Dog from Australian Bred class, was in balance, and typical good head piece and body. My Bitch had also good in balance. Some dogs were too sensitive, but I expect keep good breeding.

Sunday, 21 September 2003

Papillon

I did not see many good head type. My Best Of Breed had beautiful silky coat and gravity is higher. He has correct ear set and beautiful fringes. My bitch challenge, good movement, silky coat but her eyes a little bit round for me. Some dog has higher set of ears.

Australian Shepherd

The number of entry was very good and I found many good type. My challenge dog was in good condition, nice structure. I felt the gravity of dogs are better than bitches.

Swedish Vallhund

Level was fair. Some dogs seemed related each other I felt. The character should not be too sensitive. My challenge were nice dog and bitch, body and character.

Tuesday, 23 September 2003

Finnish Lapphund

The entry was not many, so I can't say well about this breed in this country, but my Best Of Breed is well balanced, with a big coat. Color is very good.

British Bulldog

My challenge bitch went to Best Of Breed, she has beautiful feminine expression with nice under jaw, and has good movement.

Most of the entries are quality dogs, in size and firm body with good British Lines.

Keeshond

There were very good quality dogs. I enjoyed my challenges have good conditions of coat, powerful body constructions. Some dogs were especially well balanced.

Poodle (Miniature)

My Best Of Breed has a beautiful face with outstanding muzzle. Very elegant dog. (bitch from the puppy class) I felt the grade of this breed were high, you have great quality.

Poodle (Standard)

Some dogs grooming well done, and some are not. My Best Of Breed was beautiful head and face with great movement. She seems love dog show, was moving brightly.

Poodle (Toy)

There were some outstanding dogs and bitches. I was impressed very much. Especially my Best Of Breed was the best one among toy poodles I have ever seen before. He (She?) was small, elegant and nice movement with beautiful silver color. The toy is difficult breed on size and all over the body. I enjoyed very much.

Wednesday, 24 September 2003

Saluki

I had a lot of extremely good quality dogs. I was pleased with many of them. My challenge had correct head expression and good width of skull, eyes are placed in right position, with beautiful movement of front and rear. I saw some dogs have a little rounder eyes but you have bred very well.

Briard

This is a sort of rare breed in this country as well. My challenge was very masculine expression with smooth movement. He has good coat in good condition.

Boston Terrier

I selected puppy bitch to the Best of Breed because she was lovely, and I felt she is just this breed. Each part of her head and body were right, so has good top line with short back. Also, she has beautiful Boston color.

German Spitz (Klein)

The coat has not been completed, but has good movement.

German Spitz (Mittel)

One of the familys of Spitz Group, most of the dog had typical head expression. My Best Of Breed was cream bitch, she moves correct with good shoulder.

Great Dane

I had more than 40 entries, many of them were very good quality. My Best Of Breed was masculine expression and body construction. He moves smoothly and has correct ratio of the height and length of the body.

Schipperke

My best of Breed was foxy headed dog with signature structure. He has nice and smooth movement and beautiful silhouette, with gorgeous coat.

Thursday, 25 September 2003

Finnish Spitz

I have some good specimens. My Best Of Breed had feminine expression with good type body. She has got a good coat.

Ibizan Hound

My Best Of Breed had nice top line and good head piece and showed nice balance. Character of this breed sometimes difficult, but my challenge dog and bitch were wonderful.

Pharaoh Hound

My Best Of Breed had nice neckline and width of body, had good angulations shoulder, rear and front with nice top line.

Bearded Collie

I had beautiful entry. I found some very good quality dogs. My Best Of Breed was high gravity and moves beautiful. It was a pity it was windy today but I could feel textures.

Lhasa Apso

My Best Of Breed dog had beautiful head piece, length from nose to stop, stop to skull were right. He moved smoothly with good angulations.

Shar Pei

My Best Of Breed went to bitch, because she has nice feminine head, good width of muzzle, short back, had beautiful silhouette, and showed correct movement.

Shih Tzu

I saw some dogs do not have good width of the body, without expression of lovely eyes. My Best Of Breed has nice width in body and good expression of head, and has nice driving which they need.

Tibetan Terrier

I chose bitch for the Best Of Breed. She has a nice in front and rear, with impulsive driving. Her head piece is typical structure of this breed.

Friday, 26 September 2003

Old English Sheepdog

As a whole of this entry, the quality was very high. My Best Of Breed was square type with nice quality of coat, and coat color. He has nice stop, long neck and good rear. When he moves, he showed beautiful reach and steps.

Dalmatian

I found totally one nice type in this entry, which was nice.

My Best Of Breed and Runner Up to B.O.B were males, they got beautiful movement and good spot on. Size of spot of those two dogs were very nice.

My Best Of Breed showed me beautiful neckline and top line through to the loin. His movement was powerful, my challenge bitch also had nice and good movement and spot.

Mr Claudio de Giuliani

Thursday, 18 September 2003

English Springer Spaniel

Excellent number of entries. On average the quality is high.

In the stand 51cm is the requested height and I have looked for the award and prize to the subject not too high. Very good height on average.

The E.S.S. must not be too long or too short in the body and I have looked for this.

Excellent movement, few subject with a rear problems.

Excellent expression on average, I have only seen some short muzzle.

Dachshund (Long)

Good number of entries for this variety. Good balance in body, Some round eyes. Excellent top line.

Enough compact in body but some short underline. Excellent moving. Right coat.

Dachshund (Miniature Long)

Excellent number of entries.

High quality with subject compact and not too long in body.

I have however seen some short under lines but many excellent top lines.

Some subjects with short muzzle and not oval eyes and placed not obliquely.

Excellent carriage tail, excellent coat, excellent movement.

Dachshund (Miniature Smooth)

Big number of entries.

Excellent quality on average. Some subjects too big. Excellent top line, some short under line .

Right tail.

Excellent rear angulation and pushed in the movement. Good coat condition, right expression.

Dachshund (Miniature Wire)

Few entries for this important variety. In some subjects too woolly coat, some rounded eyes.

Good length of forequarters. Excellent movement. Excellent character.

Dachshund (Smooth)

Enough entries. Better females than males. Some poor top lines (not strong). Right expression.

Excellent movement on average. Right colours.

Dachshund (Wire)

A few entries for this important variety. I have seen not homogeneous weight.

Enough good coat condition. Excellent expression with right oval eyes.

Right top line, movement without problems.

Friday, 19 September 2003

Flat Coated Retriever

A fair number of entries.

Flat coated is an medium size bred and I try to sort out in this way.

All the subjects have right head and strong body with short loin. Excellent movement. Right flat coat in every subjects.

Golden Retriever

Excellent numbers of entries and very competitive class.

Some default that I have found are, too much developed, muzzle too short than skull, a little short in forearm, and some not strong top line.

Excellent movement in front at the rear in all subject. Excellent coat, colour and character. The best male and the best female are two high quality dogs.

Saturday, 20 September 2003

Brittany

A fair number of entries. Enough french type, not too much high or long in body.

Enough right the head proportion with an sufficient 3:2 ratio skull muzzle.

Some subjects with upper lips too heavy.

Good movement and not too extreme (too long) coat.

English Setter

Good numbers of entries.

I try to choose not too big or not too small dogs. The English Setter must be "medium height, clean in outline, elegant in general appearance and movement".

I have found some elements with too much dewlap while the standard says "Neck... Never throaty nor pendulous below throat, but elegant in appearance".

In some subjects too much round eyes not "eyes oval and not protruding".

Very good movement and right coat without heavy patches.

In the English Setter the top line must be "at level" not sloping like in the Irish Setter. Today some subject had too sloping top line.

Field Spaniel

Few entries. Enough type in general appearance. Right coat. High level the B.O.B.

German Wirehaired Pointer

A fair number of entries. Enough good quality. In some subject too short muzzle and too clear eyes. Right ears.

Good movement. Some subject with not enough wire coat.

Irish Water Spaniel

A fair number of entries. Good quality. Some subjects with a little short forearm that make them appear a little long in body.

Excellent head and expression. Right ears and neck. Right chest. Right angle and movement. In all subject good quality in coat.

Basenji

Very good number of entries. Medium quality (this is my opinion!). Some head with too strong zygomatic arch and cheek.

Some subject with ears not very well carried on top of the head. Right compact body. Right carried tail. Enough rear angulation. Enough lengthen in frontal movement. Right coat and colour.

Foxhound

A fair number of entries.

I have seen two different head types and I preferred the well balanced head, flat skull of medium width and with moderately developed flews.

Right body. Some subject with too straight forearm in side view. Right coat. Right colour.

Excellent movement.

Hamiltonstovare

Only one subject. Right type and size. Right expression. Right body and neck. Right chest.

Excellent rear angulation. Very good movement. Right colour.

Irish Wolfhound

A fair numbers of entries.

Could have been more elegant dogs in general appearance. I have preferred not too divergent head (upper line) like a Deer Hound.

Right top line. Enough movement. Right coat and colour.

Sunday, 21 September 2003

Clumber Spaniel

Only one dog but of very high quality.

The male was a very outstanding dog with excellent type, excellent expression.

Right body proportion, right chest and top line.

Excellent movement.

Right coat condition.

Large Munsterlander

A fair number of entries.

All subjects with very typical expression.

Right head (keep attention: not too much divergent head upper line).

Right body proportion.

Right top and bottom line.

Right movement.

Typical and right coat and colour.

Sussex Spaniel

Only two subjects but very typical and very well in high.

Right head proportions.

Excellent expression and set and carriage ears.

Right body proportion (in the female a little short in forearm).

Right topline and carriage tail.

Excellent coat and colour.

Welsh Springer Spaniel

Few subject. All dogs and bitches with excellent head and expression.

Right neck, ears and shoulder.

I have preferred more compact body with a short loin.

Right top and bottom line.

Right croup.

Excellent coat and colour.

Good movement.

Petit Basset Griffon Vendeen

Good subject. Excellent type and expression.

Right ears position.

I have preferred more compact body.

Right top line and carriage tail.

Right movement.

Right coat condition and colour.

Rhodesian Ridgeback

Excellent number of entries.

On average I have found a high quality but in many subject I have seen too much dewlap and heavy lips (from "breed standard" neck free from throatiness).

I have preferred the subject in a right rectangle body, not too long no too short. This is very important for a right good movement.

Some subjects with a short muzzle but in general I have seen a right head proportion.

Right top line and carriage tail.

Right movement.

Right colour and coat.

Monday, 22 September 2003

Chesapeake Bay Retriever

Only two Bitches
Very good type in both subject.
Right head and expression, in a minor puppy class.
Right body proportion, top line and chest.
Right movement.
Right texture coat and color

Curly Coated Retriever

Good entries and very good quality
All subjects strong and elegant in general appearance.
No throatiness but regular neck.
Good body measures (a little longer than height).
Right croupe and carriage tail.
Right coat and color.
Excellent movement.

Gordon Setter

Good entries.
High level breed and elegant but strong in general appearance.
Excellent head with very typical slightly rounded skull and broades between ears.
Right stop and right expression.
Right ears.
All subjects strong in body with not too broad chest.
Right size.
Typical set and carriage tail.
Excellent colour with enough clear "Tan Markings"
Right coat texture.
Excellent movement.

Italian Spinone

Eleven subjects.
Well in type with typical expression and right body proportion.
Right head with right set and carriage ears, right set eyes position.
The body with a right top line and croupe.
Right chest and bottom line.
Right coat and skin (I am very happy about this).
Right color.
Right movement.

Nova Scotia Duck Tolling Retriever

Only one dog.
Very elegant and high quality.
Excellent sight and type.
Good expression.
Right neck and shoulder.
Right carriage tail.
Right body proportion.
Good movement.

Pointer

Good numbers

The breed is very different from that of my country where we put in evidence the head characteristic: Slightly dish-faced, well developed stop and muzzle somewhat concave. I tried to choose the subject with this characteristic.

Good substance in all subject.

Compact body with very good sloping top line.

Right tail.

Good movement.

Right coat and colour.

Basset Hound

In the Basset Hound I have looked for the substance but without exaggeration.

I have preferred one dog at the minimum height but very well constructed and with excellent movement. In all my choices I have always tried to keep no too big size and massive dog or bitch. I hope to have showed my idea about the Basset Hound.

In general appearance good head with right expression, eyes and ears.

Right neck and shoulder well laid back.

The top-line not always at level so the withers and quarter not at same height.

Right chest.

Right movement.

Bloodhound

Only 6 subjects.

Medium quality.

Should be more substance and power, but always noble and dignified expression.

The B.O.B was elegant subject with right expression, body and movement.

In general body without defaults and good movement.

Right coat, skin and colour.

Borzoi

Excellent number of entries.

In my opinion should be more substance without exaggeration, remember that the back rising in a graceful curve is more pronounced in dogs than bitches. Highest point of curve is situated over last rib.

Right head for proportion and expression.

In some subject the upper line of muzzle too straight without break.

In some subject too short body.

Right on average the top line, the croup and tail.

Right rear angulation.

Right chest (should be more strong in some subject).

Right movement.

Deerhound

Good entries.

The Deerhound must be powerful but always of gentle dignity. I look for this.

On average, I have found good heads and expression. In some subjects the upperline or head too parallel.

Right eyes position, right ears.

Good proportion in body.

Right Top Line with loin well arched and drooping to tail.

Right Chest.

Good movement.

Harrier

Few entries.

Good enough quality for expression and construction.

Right Head.

Strong enough in Body.

Right Top Line.

Right movement.

Norwegian Elkhound

Few entries.

My B.O.B. is a good subject with elegant general appearance and right expression.

In all subject right compact body, strong in Top Line.

Right Chest.

Right Angle.

Right movement.

Tuesday, 23 September 2003

Weimaraner

Many compliments to the Breeders and Owners: high quality in their dogs. Excellent presentation.

Excellent number of entries.

Right balance on average, not too extreme neck or rear angulations. Some subject with too close rear angle and too sloping top line.

Excellent head. I tried to choose the subject with long muzzle. I remember you that the Weimaraner must have the muzzle longer than skull.

Right set and carriage ears.

Excellent expression with eyes round and only slightly obliquely set.

High well arched neck, in some subject a little too much dewlap.

Right body proportion, I have preferred the subject not too short but in a right rectangular.

High chest and fore chest (In some subject the forechest too extreme).

Right top line but in some subject too sloping.

Right carriage tail (in some subject too upper).

Excellent movement.

Right coat and colours

Weimaraner (Long Hair)

No quality than in short hair.

good number of entries.

Enough strong in general appearance.

Enough presentation.

In many subject not correct carriage tail. Too high carried

Enough good movement.

Afghan Hound

Excellent number of entries.

High quality and very good presentation.

I have tried to choose the subject mighty but elegant and with excellent movement in front and in rear.

Right head well balance, in some subject too heavy lips.

Right expression with high triangular eyes.

Excellent neck and shoulders.

Right rear angulation but not always a right parallel movement.

Right carriage tail (in some subject not well in ring at end).

Right body for proportion and measure. I look for to choose not too short in body.

Right feet, excellent coat and colours.

Beagle

Excellent number of entries. Thank's to the owner.

Very high quality and right size and weight.

In some subjects too short muzzle, not well defined stop and not enough domed skull

Excellent head with high set ears and expression.

Right lips.

Right neck with little dewlap

I have preferred the subject with a right forearm, not too short.

Right body. I tried to choose the subject with a right rectangular body, not too square.

Right carriage tail.

Right movement.

Excellent coat and colour.

Wednesday, 24 September 2003

German Shorthaired Pointer

Excellent number of entries

High quality in the majority of subject and excellent presentation.

The G.S.P is a dog with a conformation which ensures strength, endurance and speed. I tried to choose this type without too inclined, rear angulation, too straight shoulder and poor chest.

Excellent head with right expression (right eyes not too much round not even too much almond). Some subject with a little clear colour and no dark brown. Right on average the carriage and set ears. In some subjects too much develop.

Excellent body proportion on average, in some subjects too severe and in some others too long, the standard says, the length of the body should slightly exceed the height at withers.

Right Top Line but I remember you that the top line must be straight and slightly sloping. In some subjects, I have found a croup too sloping towards the tail.

Right chest and fore chest

Right movement.

Right colour and coat.

Hungarian Vizsla

Excellent number of entries.

Medium quality on an average.

I have found a right size with good balance, body. I look for choose the medium size dogs but always in strong body.

Right expression with a right head proportion.

Strong top line and right croup.

Good movement in the average.

Labrador Retriever

Excellent numbers of entries.

Medium quality on an average while the challenge and reserve challenge (dogs and bitch)

Were of very high quality. Naturally, this is my idea.

Some subjects oversize (56-57 cm is the standard dog and 54, 55-56 the standard bitch).

In some subjects not defined stop that changes the Labrador expression.

Some subjects with too short forearm.

On an average, I have found good bodies, enough strong, with right chest and fore chest.

Right tail but could be "rounded" as otter tail".

Excellent movement in many subject, in some a narrow rear movement.

Right coat and color.

Lagotto

Few entries.

The Best Of Breed is a very good Lagotto with a right proportion in the body and in forearm, very good head proportion with enough round eyes, right ears.

The other one are good enough.

Please pay attention to the rear angulation and movement, that sometimes, are not good and too narrow in moving.

Right coat and colour.

Good luck for the future.

Friday, 26 September 2003

Irish Red & White Setter

Few entries but good quality.

The winner is elegant and powerful dogs in type and well construction.

Right head and expression

Right coat and colour.

Irish Setter

Excellent number of entries.

On an average I have seen height quality but with too much lips and dewlap.

In all the subject very substance in body and excellent movement.

Right coat and colour.

I think that they could be better in the head upper line that should be parallel.

In some subjects ears set to low.

Right expression.

Right tail carriage.

Mr Desmond Murphy

Thursday, 18 September 2003

Pekingese

The C.C. and Reserve C.C. winners had correct shaped heads, good legs, pear shaped bodies, good spring of rib and were low stationed.

Too many of the entries were deep in head. The fronts need much improvement. Several exhibits were high stationed and rangy in body. Several had too much neck which goes with the rangy high stationed bodies. The breeders have to address many areas for improvement.

Bedlington Terrier

Only one entry. The exhibit was good in outline. A bit larger than ideal. The overall balance was good. The dog could have a bit more reach in front. Quality of coat and presentation was to be congratulated.

Cesky Terriers

No entries

Dandie Dinmont Terrier

Only two entries. The winning male was of correct outline. Beautiful following lines from top of head to tip of tail. He possessed a very correct head which gave him a lovely expression.

Four good legs was the icing on the cake. He was in wonderful coat and overall condition.

The bitch had some quality and will be useful in the whelping box.

Staffordshire Bull Terrier

Overall the quality was very high. It was a great pleasure to judge so many quality exhibits. All of the C.C. and Reserve C.C. winners possessed good heads, good movement and wonderful balance, and good attitudes. Areas that should be of concern to breeders should be improving eye colour, front movement, toplines on the move and some being a little short of leg.

The C.C. winners should be able to pass on many excellent qualities to the breed. The Best Puppy showed great promise. Her overall balance makes for a wonderful mover coming and going and her side gait was the icing on the cake.

Overall the breed appears to be in very good shape.

Friday, 19 September 2003

Affenpinscher

The Affenpinschers were a very difficult assignment for me here in Melbourne. The breed was entirely different from what we see in the U.S.A. There was no consistency in type. I felt the only common denominator was lack of breed type. Hopefully the breeders will rethink their breeding program and look for some better dogs to breed from. This is a wonderful breed and the breeders will get more of the reward from showing and breeding better quality dogs. The U.S.A. has benefited from importing new stock.

The results have made the breed. Seeing so many, many of high quality. I am sorry I could not be more positive on my evaluations.

Chinese Crested Dog

It was a great pleasure to judge Cresteds. I have never seen such depth of quality in the breed anywhere before. Even the poorest exhibits I had were of show quality. I have several very difficult decisions to make due to just splitting hairs for the decisions.

The overall type was wonderful. Balance was very good which made for good movement coming and going and superlative side gait.

I would have liked a little darker eye on several exhibits. The C.C. and Reserve C.C. winners could win at any major show in the U.S.A. today. They also should be extremely valuable in the breeding programs.

Congratulations to the breeders for such great depth of quality which I have ever witnessed anywhere before. Keep up the good work.

English Toy Terrier (Black & Tan)

The picture used in your standard is what breeders should strive to breed for. Hopefully head shape and eyes can be improved. The outlines on the move need serious improvement due to improper overall balance.

Hopefully breeders will strive to get their exhibits a little more in keeping to what the standard asks for.

Airedale Terrier

My first home was at an Airedale Kennel and for over fifty years I have had a passion for this great breed.

Throughout the world Airedale breeders have to be congratulated on improving their breed. This show was a classic example. Several exhibits were strong in areas that were so lacking for so many years.

When the Australian Bred male walked in the ring his overall qualities blinded me to his few shortcomings. His overall superlative balance and great presence made him "King of the Terriers". I was sure nothing would beat him. I was pleasantly surprised when the Open dog walked in the ring to see an Airedale somewhat better in head and coming at me.

The C.C. puppy bitch had it all. Wonderful head and eye. Good balance standing and moving and I could not believe for her age how well she could use her legs. I predict a great future for her.

The B.O.B. dog has it all. An attitude that made him "King of the Terriers". Wonderful head plains, correct eye and ear. Side movement was super. It was rare to see an Airedale coming at you so well on his front.

This dog should be a great asset to the breed worldwide. Hopefully everyone will strive to incorporate his qualities into their breeding programs.

Congratulations to the Airedale breeders on correcting some areas that have been lacking worldwide for a long time.

Jack Russell Terrier

Being that Jack Russells are not shown at A.K.C. shows this was only the third time I have ever judged the breed. Having judged them in New Zealand and at the Sydney Spring Fair what it has given me an appreciation for the breed.

Hopefully the American Non A.K.C. Jacks can upgrade their stock to the likes of Australia.

I found overall quality to be very good. The areas needed to be improved are eye colour and hindquarters. Overall balance and side movement were of a high standard. Attitudes of the dogs and exhibitors made for a very pleasant assignment.

Parson Jack Russell Terrier

Being that the entry was so small it was hard to assess the overall quality of the breed.

Several of the exhibits even that were not high quality had several essential quality that should be passed on. I am sure as the breed becomes more popular it will afford breeders the opportunity to add needed attributes to their breded programs.

This has been witnessed in the U.S.A. in the very short time since they have been recognised.

Tenterfield Terrier

Coming from the U.S.A. it is a new breed for me to judge.

I found the winners adhering to your standard. I could see many of the younger animals fit the standard better than the older ones. This is a very good sign in that already the breed is improving.

Eye colour, length of back and hindquarter were the areas that need to be worked on. A bit more oval and smaller eye will also help the expression.

Saturday, 20 September 2003

Australian Silky Terrier

I found the overall entry low in quantity but high in quality. The winners had exceptional good breed type.

The winning male had it all. Good head properties, excellent expression, for good legs, beautiful coat texture and colour. His overall balance enabled him to go around the ring with wonderful carriage.

The winning bitch was very correct in over all type. Her balance and topline are very correct for a silky. Her colour and length of coat coupled with good texture topped her out line off.

Toplines are an area that needs to be improved on some exhibits. I only had one exhibit that had some Yorkie characteristics.

Griffon Bruxellois

The overall quality was very pleasing.

The Challenge Male and Reserve both have wonderful qualities to offer the breed. Both have four wonderful legs, good string of rib, correct head shapes. Both dogs are a lot of dog in a small package.

The Challenge and reserve Bitches each have so many qualities to offer the breed. The winning bitch got the Challenge on her wonderful Terrier like attitude.

Eye colour could be improved on. Too many of the exhibits were large framed and racey in body. This is a breed which should be a lot of dog in a small package. It was wonderful to see so many good natural ears.

I was also happy to see so many nice straight front legs. Hopefully the winning males will be used for their wonderful assets.

King Charles Spaniel

The winners were of good overall type, with nice heads and good legs. Overall the attitudes for the breed were pleasing.

Like in the States the same problems exist. Some need straighter front legs. Better spring of rib and shorter loins would improve the general outlines. Some exhibits would be more pleasing with a better colour of eye. Most of the exhibits had enough quality to breed from.

Lowchen

The overall quality of the breed was good.

The winners all had good balance, nice movement, four good legs, and good quality of coat.

Some could have a bit more neck, more pleasing in eye and a little freer in movement. A bit more turn of stifle on some exhibit would have made the difference between 2nd and 1st.

Tibetan Spaniel

The Challenge and Reserve male have many qualities that can be useful to the overall betterment of the breed. The Challenge bitch is what all breeders should strive to breed for.

To my liking has had it all. Wonderful head and expression, four good legs, and her overall balance is what the standard calls for.

The biggest problem I saw was lack of balance. Some were too leggy or too short of leg and many were far too long in the body. Several were a bit coarse in head. Some would have placed a bit higher if they had better quality of coat texture.

Lakeland Terrier

Only one Lakeland was present. He was a great pleasure to judge. His overall type was a true Lakeland.

This dog has quality to offer the breed in general worldwide. His overall balance and outline is what all Lakeland breeders should strive for.

This dogs qualities could be very useful to many breeders in the U.S.A. and the rest of the world. Having had a Lakeland forty years ago has given me very definite ideas on the breed.

This dog pleased me in so many ways. Hope his wonderful breed type can be passed on.

Manchester Terrier

Only one entry.

Sorry to say this exhibit did not have enough outstanding qualities to offer a breeding program.

Norfolk Terrier

Only two males present.

Both dogs have many good qualities that should be very useful in breeding programs. It was a contest between the two dogs. They could be argued different ways.

If one could combine the two you would have a near perfect example. Hopefully the breeders here will combine the good features of these two fine males.

Norwich Terrier

The winners were fairly pleasing in head, legs, topline and good coats.

Like in U.S.A. the same problems exist here. Head proportions need improvement. Toplines are not ideal.

The major area of improvement should on hindquarters. Too many were very lacking in this area.

A little more attention should be paid to trimming to give a better impression of the topline.

Scottish Terrier

The B.O.B. male had a lot of nice qualities. Good in head and expression. Good bone and substance for his size. His four good legs enable him to carry himself around the ring with correct movement.

The winning bitch had quality to breed from. She had a short back, good coat, nice movement.

The entry other than these two were very lacking in too many areas. Several had extremely soft coats. Way up on leg. Coupled with: no spring of rib and overall rangy bodies. Large ears, prominent eyes and bumpy skulls made for very unpleasant expressions.

Sealyham Terrier

The entry consisted of only three males. They were of three rather different types. I did not find any of the three to offer enough strong points that would make them useful in a breeding program. These problems are not only common in Australia. These same shortcomings exist throughout the world today for Sealyhams. Breeds come and go and sorry to say Sealyhams are in low period worldwide.

Skye Terrier

The entry was small but the overall quality was satisfying.

The C.C. dog had a lovely outline standing and also on the move. This is from having four good legs and a correct topline.

The C.C. bitch was of very good type and possessed many of the same qualities of the male.

The male got the winning edge in that his wonderful attitude allowed for him to move out a little more pleasing.

Soft Coated Wheaten Terrier

The C.C. & Reserve winners all had many qualities. They had the correct coats so important to the breed. Their movement was good coming and going and most importantly covering a lot of ground on the go around. The areas of concern to the breeders should be darker eyes, not as broad in back skull better tailsets. The front assembly on many needed more angles. Overall I found the breed to be in pretty good shape.

Welsh Terrier

Only two Welsh were entered. One male and one female. The winning female was of good type. She had the correct bone and substance for a Welsh. Four good legs, and a good coat. The male was of quality but does not have a lot to offer in a breeding program.

Sunday, 21 September 2003

Bichon Frise

It was a pleasure to judge Bichons. The overall quality was very high. The C.C. and Reserve males and bitches were animals that should be very valueable in a breeding. Program. As a whole heads were nice, coats were good, movement was good as a whole. The temperaments were as the standard calls for gay and happy. The area of concern for breeders should be overall balance. Several were a bit low on leg with longer bodies. A few were too much up on leg and too short in body. Only one or two pressed the height limit. Your standard asks for smallness to be highly desired. I would have to say the breeders are doing a fine job in meeting the standard.

Italian Greyhound

The Italian Greyhounds had several very rewarding animals. After the reserves in both sexes I still had one or two very good quality example. The winners were Greyhound like in miniature. This is an area more breeders should strive for. The winners also possessed nice high stepping action coupled with a free far reaching gait. The areas of concern should be the lack of Greyhound like outlines. The movement coming and going was unforgiveable on too many of the exhibits. Some tail carriage was off and this was coupled with extremely steep croups and the whole hind assembly being exaggerated.

Cairn Terrier

Cairns were a delight to judge. Nearly all entry of 49 were of show quality. The C.C.'s and Reserves were of top quality. These dogs possessed nice heads and expressions. They were good coming and going with wonderful side movement. Coats as a whole were very good. Overall balance was good. The areas of concern should be eye size and colour to give better expression. Like other short legged Terriers more attention has to be given to assemblies and better movement on their front ends. Some exhibits had a bit more size than is ideal.

Chow Chow

I spoke with the Chow exhibitors after the judging so they know my concerns of the area to be improved on. In breeding remember all the attributes of the winning bitch. It is hard to get all the positive features in one package, but it is what we all should strive for. I just hope she can pass on her many, many wonderful qualities.

Monday, 22 September 2003

Cavalier King Charles Spaniel

This was a very difficult assignment because of the great depth of quality. I could not imagine an entry of so many outstanding Cavaliers.

I had many decisions that could be argued several ways. The C.C and Reserve males had it all. I would predict they will become top sires. The minor puppy dog impressed me greatly.

He was in the running for the C.C and reserve. If he does not fall apart he should have a great future.

The C.C male is by far the best Black and Tan I have ever seen. His overall outline standing and moving is what all breeders should strive for. The reserve male is a dog that can win anywhere in the world today.

The Australian bred bitch class was a challenge to judge between one & two. They went on to be the challenge and Reserve winners.

I make the challenge bitch as good a Cavalier bitch that I have ever seen. It was an extremely difficult choice for B.O.B. In the end the expression of the bitch would not let me deny her the win.

The Cavalier breeders have to be congratulated on producing so many fine specimens.

Heads and expressions were very pleasing, soundness top level, the overall balance and proportion was great. The attributes were what makes this breed so appealing.

The only areas of concern would be some showing a bit of white around the eye. Several were a little higher in tail carriage than they should be. This goes along with the extremely steep croups.

Best of luck in keeping up the level of quality you are presently blessed with.

Miniature Pinscher

Both of the winning C.C & Reserves winners in dogs and bitch had good breed type.

They had the characteristics called for in the standard. Most importantly hackney action, fearless animation and a wonderful presence on the go around.

The areas of concern for the breeders should be eyes a bit more to the standard. Better front and straighter front legs have to be aimed for. A nicer fit of the neck into shoulder needs attention. Shortening up the loins will give the overall balance a better look.

I was pleased to see so many good natural ears. Each class offered enough of the correct hackney gait.

Australian Terrier

I did not find the overall entry to have depth of quality.

The C.C & Reserve winners had the type and quality to strive for.

The areas of concern should be better overall proportions. Movement also needs improvement. Several exhibits did not possess a harsh dense top coat, so important to a Terrier. Your standard like ours in the States calls for color to be a shade of Blue. Too many I would classify as Black, not Blue?

Bull Terrier

The quality varied greatly from some exhibits having very little quality and one bitch of top quality.

The winning male overall has some points to offer. After this dog the rest do not have much to offer a breeding program.

The bitch C.C & Reserve have strengths to offer the breed. The B.O.B bitch is a very good example of what breeders should strive for. She was in a class by herself. She just about has it all. Proper Head, good front angles, correct topline, nice bend of stifle good bone and a pleasing tail.

The tails overall were the worst I have ever seen. Hopefully, the breeders will look at the B.O.B bitch and strive for her strong points.

Bull Terrier (Miniature)

Like other parts of the world, the Mini Bulls were a mixed lot. I was pleased to have a B.O.B male and Reserve bitch that have the qualities breeders should be aiming for.

The B.O.B is a very lovely example of the breed as well as the winning bitch. They both have good heads, proper balance and outlines, coupled with four good legs and fairly pleasing tails.

Hopefully, the winners will set the example of what should be strived for in a breeding program.

Tuesday, 23 September 2003

Japanese Chin

The Chins were a pleasure to judge. The overall quality was very good. The blowing high winds made it a bit more difficult for the exhibitors to show their dogs to their best advantage.

The C.C & Reserve winners were all of top quality and after these four I still have some lovely examples.

The winners all had correct heads, proper outlines and four good legs.

The only areas of concern that I saw were some heads could have been larger for the size of the dog. Several were a bit short in neck. A few exhibits were rather long in body. I was pleased to see nearly all the Chins had four good legs.

American Staffordshire Terrier

The American Staffs were a very mixed group. Most of the males lacked in being agile and graceful. They were far too stocky for my liking. The C.C and reserve males looked much more like the picture used in your standard. I thought the bitches as a whole were much more in general to what the standard describes.

Too many of the males were very short of leg, long bodied and over done. They had nothing Terrier like about them. They were just far too exaggerated. The C.C & Reserve winners have the type that breeders should strive for.

Border Terrier

The entry of Borders varied greatly in type.

The C.C & Reserve winners were all of correct type. They were workman like terriers, that were capable of following a horse all day long.

Several exhibits could not be spanned due to being over sprung in rib. Several were too long in loin. Some needed a bit more length of neck to balance them off.

I was pleased as a whole with coats, heads, and movement.

Greyhound

The four winners of the C.C's and reserves all were of very good quality. They had proper outlines, good running gear. They all should be very useful in a breeding program.

The areas of concern would be some being a bit short of leg and some not standing over enough ground.

Hopefully, the two winning males will be able to pass on many of their wonderful characteristics to the breed in general.

Whippet

I enjoyed the Whippet assignment. Coming from the States I expected them to be very different than the dogs in the States. This was not true to the extent I anticipated. The size to begin with was very similar to most of our dogs.

The overall quality was good. The C.C and Reserve winners in both sexes were extremely high. They had nice heads, good coming and going and had absolutely beautiful outlines standing still and more importantly on the go around.

The areas that would be of concern to me are the same as we have in the States. Several had no rise over the loin.

They started to fall off right after the last rib. A darker eye would have helped some expression. Better ears would be helpful. No spring of pastern was seen on several. Some exhibits could have stood over a bit more ground.

The winners could win anywhere in the world today.

Thursday, 25 September 2003

Chihuahua (Long)

It was a pleasure to judge the Long Coats. The overall quality was very good. The C.C & Reserve winners in both sexes were very good in overall balance, type movement & attitude.

All four winners should be very useful in breeding programs.

The areas of concern should be overall proportion. Too many were too short on leg and even more were far too long in back. Several exhibits would have been a placement higher if their fronts had not been so fiddled.

Chihuahua (Smooth)

My impressions for the Smooths are the same as for the Longs.

I would like to impress that the Reserve C.C winning male had the type of head and overall balance that all breeders should strive for.

Havanese

The entry was very small so it would be hard to generalize the positive or the negative. The Breed, just like the U.S.A has to strive in getting the breed a lot more uniform. It still is a difficult breed to judge because of the vast differences in type.

Maltese

Overall, the quality was quite good. The C.C. and Reserve winners in both sexes were of high quality. All of them should be very useful in a breeding program. They had good heads and expressions. All of the winners had proper coat texture. All of the winners possessed correct outline standing still and on the go around.

The areas of concern should be some having longer muzzles than desired. A few more were prominent in the eye than ideal. Pigment and coat texture could have been better of several.

Yorkshire Terrier

It was a difficult assignment due to the quality being very lacking especially in males. I had to withhold the reserve C.C in males because I felt they were not of show quality and should not be used a breeding program.

Thankfully, the overall quality of bitches was better.

Fox Terrier (Smooth)

I can not put into words how impressed I was with the quality of Smooths. The breed is in fantastic shape.

The depth of quality extended well below the C.C & Reserve winners. There were very few that were not of good show quality.

Overall balance was very good standing still and even more importantly on the move. Correct heads were in abundance, due to good strength of muzzle, good planes, correct eyes and wonderful ears. Legs and feet enabled the movement to be so correct.

A few could have been a bit better in the neck into shoulder area. Going away several were a bit closer than ideal. Several decisions were very difficult due to such high quality.

Fox Terrier (Wire)

The entry was small but the overall quality was quite good.

The overall balance was good on most. Coats were good in texture and presentation. Hind quarters and Tail sets were satisfying.

Like in other countries front movement needs some improvement. Ears as a whole need a lot of improvement.

The C.C. and reserve bitch both have a lot of qualities that I hope will be passed on to the future.

Irish Terrier

The entry being only three, it is hard to generalize the strengths or the shortcomings.

The winning male and female were fairly good type with four good legs.

Head properties need attention. They really did not have classic Irish expression.

Kerry Blue Terrier

Being the entry being so small it is hard to generalize.

There was several youngsters that showed good promise. They had correct outlines and four good legs. It is hard to predict how they will develop in coat color and correct texture.

West Highland White Terrier

The two C.C. winners and the Reserve winning bitch had a lot of overall quality. These three certainly have a lot of qualities that should be strived for in the breed.

Too many of the exhibits lacked in front assembly. The color of coat and coat texture needs a lot of improvement.

Too many were too Long in body. Pigment is another area that needs attention.

Friday, 26 September 2003

Pug

This was the most rewarding assignment I have ever enjoyed of Pugs. The depth of quality was extremely good. The challenge class in both dogs and bitches was such a beautiful line up of Pugs. Every Class winner without any exceptions were of very high quality.

The challenge classes came down to a matter of personal priorities, since they all met the standard. The major decisions could be argued several different ways and still be right.

A few Pugs would have placed even higher if they had darker eyes, a tad more leg under them or had shorter bodies. My main area of concern to breeders should be front assemblies.

I would like to thank the Pug Breeders for a wonderful day.

Judges Critiques as presented - Obedience and Agility

Agility

A total of 140 dogs in 6 Agility and Jumping Classes.

I did not see one dog that did not thoroughly enjoy itself; the whole ring seemed to be awash with adrenalin.

The many spectators also enjoyed themselves greatly, cheering dogs and handlers.

Regardless of the quality of entries, many dog and handler teams fell by the wayside.

I was a little surprised that not more handlers availed themselves from the "lead out" opportunity at the start of the runs.

Most time was lost when there was an "option" and handlers had to work hard to get their excited dogs fully under control and on the right path.

Weaving was a thrill to watch, the ultimate crowd pleaser.

A very competitive field with some qualifiers in each class.

I thoroughly enjoyed the entire 4 days of competition and thank the competitors for their sportsmanship and the Stewards for their support

Obedience - Trial

Dogs

Starting with 13 U.D. dogs, mostly very capable performers, but being a U.D. class and in difficult surroundings things can and do go wrong, and one mistake is often a zero.

Bar jumps and the Signal Exercises were the major downfall.

Only one successful contender Miss L Bourke's Border Collie with 185 points.

The Open was more successful, some very good work resulting in 5 passes out of 15 entries. The worthy winner was J. Wilmot's GSD with 197 points.

Novice dogs were a pleasant surprise with some of the Heelwork probably outstripping the Heeling in Open and U.D.

4 Passes from 8 entries speaks for itself.

The winner, a Chinese Crested, handled by Mrs Johnson was a pleasure to judge in her 195 point win.

Bitches

The U.D. a smaller field but full of class. 2 very good passes out of 7 starters.

The Signal Exercise was the main downfall for the bitches. Unfortunately, keen dogs do tend to anticipate. I.e. Why go "down" all the way when you know the next command will be a "Sit"?

The winner was L. Johnson's Standard Poodle with 187 points.

The Open class comprised of 12 contenders with one veteran performer, the poodle who forgot to drop in the "drop on recall" and retired gracefully. There were 3 passes out of the 12 entrants with a further 3 unfortunates in the high 160 scores. The winner was the same as the winner of the U.D. Bitches, namely L. Johnson's Standard Poodle this time with a score of 194 points.

Novice Bitches were not the same standard as Novice Dogs but nonetheless 2 nice passes from 5 entrants. Mr D. Kilburn with his crossbred bitch were the winners with 182 points. I do believe it was his first time in the ring, a very excited winner who did a Lleyton Hewitt style victory performance.

All round the Obedience Section was a pleasure to judge with good dogs and very competitive, yet very sporting handlers.

It was clear that "Having fun with their dogs" was still the main aim of the game.

Best in Trial

Best of winners on Saturday suffered a little from the vagaries of Melbourne weather.

The whole "Best of Winners" session lasted about 20 minutes. I have always known about Melbourne's "4 seasons in 1 day" but sunshine, followed by rain, hail, more rain and back to sunshine in 20 minutes is hard to beat.

The ultimate winner was that consistent performer J.E. Wilmot's German Shepherd Dog O.C. Inimiff Excalibur and a worthy winner it was.
