### **Chairman of Judges - Mr Bill Chambers**

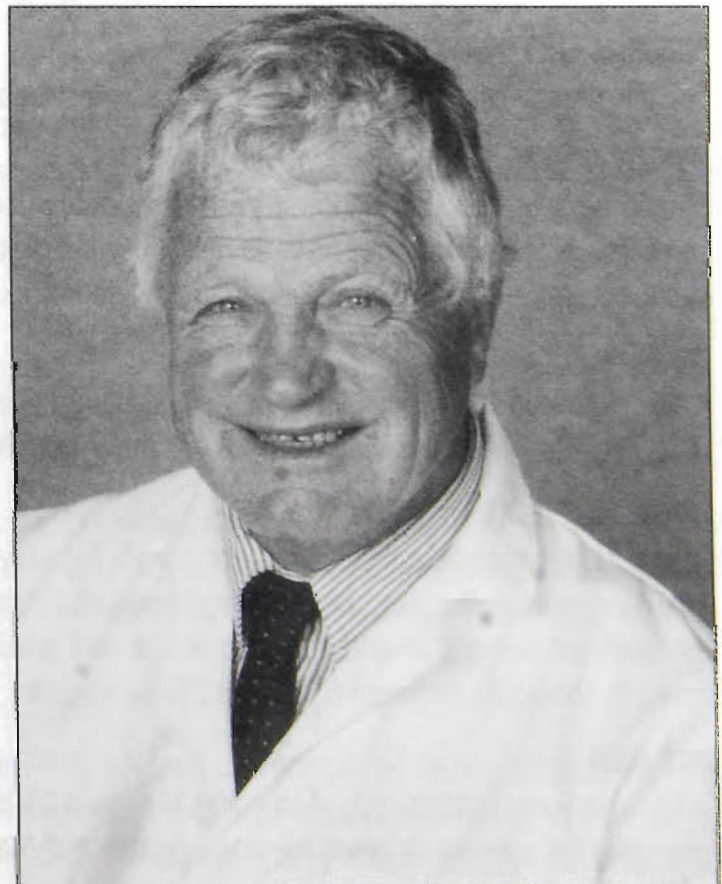

It is with some sadness that the Royal Agricultural Society of Victoria (RAS) acknowledges the retirement of Mr Bill Chambers as Chairman of Judges. Bill began his association with the Royal Melbourne Wine Show as an associate judge in 1959, being appointed judge in 1962, and finally Chairman of Judges in 1979.

Over the 23 years as Chairman of Judges Bill's guidance, depth of experience and knowledge have been appreciated by all those who have worked with him.

Known by those associated with the Show as "the Genius" he will be greatly missed.

Under Bill's direction the Wine Show has developed and matured to be the largest and most respected Show in Australia.

The RAS Wine Committee and everyone associated with the Royal Melbourne Wine Show congratulate Bill on a career of distinction and wish him good fortune for the future.

## NOTES ON WINE JUDGING

Exhibits are judged on a point score with a maximum of 20 points.

On the judging sheets this is divided into:

1. 3 points for colour and condition, usually wines with poor colour are rejected for defects on both nose and palate.
2. 7 points for nose.
3. 10 points for palate: a wine with an excellent nose may fall down on the palate due to excessive acidity or tannin defects. Conversely, some wines with only a fair nose may have excellent balance on the palate.

Medals are awarded for the following points:

18.5 – 20 = Gold Medal

17.0 – 18.4 = Silver Medal

15.5 – 16.9 = Bronze Medal

All exhibits are judged on the blind. Judges do not handle the bottles.

In Melbourne, the judges are arranged into five panels, each consisting of three judges. The Chairman of Judges divides the classes to be judged between the panels, he also gives guidance, clarification and in the case of any disputes he will adjudicate.

Each class is set up and poured by associate judges and stewards. The judges assess the wines, allocate points and then medals are awarded. The points listed in the results section represent the total of the three judges assessments.

Judges are generally selected from those who work in or are connected with the wine industry. Potential judges are recommended to the Royal Agricultural Society of Victoria Limited and are given experience as associate judges. New judges are selected from the best performers.

The following definitions of the various wine types are offered for the guidance of exhibitors.

Varietal wines should comprise at least 80% of the specified variety for 1993 and earlier vintages and 85% of the specified variety for later vintages.

### **DRY WHITE**

Should be a brilliant condition, pale to medium straw in colour, preferably with a slight green tinge. Light to full-bodied, medium to high acidity with a fresh bouquet, clean after taste, no lingering sweetness. In the wooded classes, the oak should be in harmony with the vinosity of the wine. Alcoholic strength should be between 8% and 14%.

### **MEDIUM DRY WHITE**

Specification similar to Dry White but with some sweetness not exceeding 1 degree baume.

### **SWEET WHITE**

Should be a brilliant condition, straw to light golden colour, medium to full bodied with a bouquet which is aromatic or complete and distinctly sweet in flavour. Its alcoholic strength should not exceed 14% by volume and it should not show excessive sulphur dioxide. Baume should not exceed 1 degree.

### **ROSE**

A still, light and tart table wine with a slight tannin finish and a fresh fruit flavour but without Muscat character. Colour pink, but many have a trace of apricot or amber tint. Alcoholic strength should be between 8% and 14% by volume.

### **LIGHT BODIED DRY RED**

Colour, light to medium red. A blue or purple tint may be present. Aroma and bouquet – varietal aroma may occur in varying degrees. It should be fresh and fruity and in harmony with the body and flavour of the wine. Palate – soft and light without being thin and rounded in the mid palate. Finish clear and crisp with soft astringency. The alcoholic strength should be between 8% and 12% by volume.

### **DRY RED**

Colour medium to deep red. According to age, a blue or purple tint may be present in a young wine or a light brown edge may be present in an aged wine. Aroma and bouquet – varietal aroma may occur in varying degrees. It should

be fruity and in harmony with the body and flavour of the wine. The bouquet may show evidence of maturation in oak vessels and in older wines bottle age. Palate soft rounded and generous in mid palate. Body medium is full in balance with the acidity. Finish clean with tannin from maturation in wood but this should not predominate. The alcoholic strength should be between 8% and 14.5%.

### **SWEET WHITE DESSERT**

Golden to dark brown in colour depending on age. Must not show Muscat character but have fruity and aromatic bouquet. It must be full bodied, soft and luscious. Strength not to exceed 20.5% alcohol by volume.

### **MUSCAT**

Colour golden to red. Distinct bouquet and palate. Full bodied and soft and luscious. Strength not to exceed 20.5% alcohol by volume.

### **RUBY RED**

Colour golden to dark red. Bouquet and palate full and fruity. Excessive astringency is not acceptable. Strength not to exceed 20.5% alcohol by volume.

### **TAWNY PORT**

Colour pale red with distinct amber tinge. Bouquet fruit and aromatic, palate full and soft with distinct dryness on the finish. Some flavour of oak tannin from the maturing wood is desirable. A lingering sweetness on the after palate is undesirable. Strength not to exceed 20.5% alcohol by volume.

### **VINTAGE PORT**

Colour deep ruby to light ruby, possibly with slight amber tint, depending on age. Bouquet fruit and characteristic of bottle aged vintage port. Should not show wood character. Flavour full and soft with firm astringent finish and no lingering sweetness. Strength not to exceed 20.5% alcohol by volume.

### **SHERRY, Pale, Dry, Fino**

Colour straw to pale golden. Bouquet characteristic of flor sherry. Flavour light and dry without excessive acidity or astringency, but some oak character. Finish dry, aromatic with distinct 'nutty' after taste of sherry. Strength not to exceed 20.5% by volume.

### **SHERRY, Amontillado**

Colour golden to light amber. Bouquet showing more age than Fino sherry. Palate fuller and softer than Fino with some oak discrepancy showing through. Finish dry and aromatic with characteristic, 'nutty' after taste of sherry. Strength not to exceed 20.5% by volume.

### **SHERRY, Oloroso**

Colour amber to brown. Bouquet showing both oak and sherry character. Palate soft and round but with a dry finish. Strength not to exceed 20.5% alcohol by volume.

### **SPARKLING WHITE**

Colour should be pale to light straw. Should have good acidity and not be too light in body. Bouquet should be fresh without particular varietal character and should indicate some years in the bottle. The wine should be fairly dry but show no astringent finish. Bubbles should be fine and persistent.

### **SPARKLING RED**

Colour should be light to medium ruby. Older wines may show a trace of amber but not more than a trace. Bouquet fruity but should show bottle age. Fairly pronounced acidity. Full flavour and body, some sweetness but with a dry finish. May show slight oak character. Bubbles should be fine and persistent.

### **TWO YEAR OLD BRANDY**

Entries in this class should be representative of popular commercial brandies, but should avoid fruitiness. The brandy should be well balanced distillate of wine made from neutral grape varieties. It should avoid excessive heads or tails and should not show varietal character (e.g. Muscat). It should be smooth but without evident sweetness. A clear balance bouquet is essential. Colour light amber.

### **OLD BRANDY**

Colour may be somewhat darker than in the young brandy class. Well matured oak should be distinguishable on both bouquet and flavour. Bouquet should be clean and somewhat ethereal but well balanced showing no particular constituent to excess. Flavour should be full smooth and aromatic. Finish aromatic without trace of fusel oil. No varietal character or fruitiness should be evident. Some slight sweetness is acceptable.

## Class 11 - DRY WHITE - Riesling

### JUDGES REMARKS

A reflection on a difficult year. Shortcomings were lack of fruit weight which leads to out of balance acidity which, in a number of wines, was attempted to be balanced by over-sweetness. There were a number of faulty wines showing reduction and extended ferment.

## Class 13 - DRY WHITE - Chardonnay

### JUDGES REMARKS

Quite a good class. Reasonable good depth at the commercial end reflecting vintage conditions. Some wines already too developed or showing excessive oak. Good fruit wines showed through. In this class, sample preparation is very important. The best wines showed balance and complexity. The preferred wines had backbone, freshness and the potential to develop.

### Class 15 - DRY WHITE – Sauvignon Blanc.

#### JUDGES REMARKS

*The class was a reflection of the difficult vintage with a lack of varietal flavour and high levels of greenness resulting in various wines honeyed with sugar. The fruit could be picked riper to combat the green character.*

## 2. 2000 VINTAGE SECTION

### Class 19 - DRY RED- Cabernet Sauvignon.

### JUDGES REMARKS

*Some obviously herbaceous styles still, but generally good ripe fruit characters. Some spoil by aldehyde and inappropriate oak. Fairly strong class. Better wines had sweet fruit. Faulty wines suffered from oxidation and poor fermentation management.*

## 2000 VINTAGE AND OLDER

**Class 29 – DRY WHITE** – from highly aromatic, floral varieties (such as Traminer, Frontignan, Riesling, Traminer Riesling) and blends of these varieties. The variety(ies) to be specified on the entry form.

**JUDGES REMARKS**

*2000 wines appear to lack life and freshness. Some excellent aged wines, good example of style. Too many plain wines lacking fruit and excessively green.*

**Class 30 – DRY WHITE Chardonnay.**

**JUDGES REMARKS**

*Award wines show good balance fruit and winemaking components. Too many unripe, simple and poorly handled wines. There was a lack of fruit weight which resulted in wines with out of balance oak/oakfact characters (sugar/malo/leesy). This large class showed a resurgence of quality wines from all Australian districts. The variety of styles is seen in the gold medal winners.*

## 1999 VINTAGE

### Class 37 – DRY RED – Cabernet Sauvignon.

#### JUDGES REMARKS

*Solid set of award wines. Many wines lacking varietal character. Too many overripe wines. Reductive award wines had clean fresh fruit.*
