## CALLIGRAPHY

NOTE:

Entries must not be framed, but must be securely and professionally mounted (Exhibits using poor quality mounts may not be displayed). Size of artwork including mount size must not exceed 1m by 1m in overall surface area (dimensions can be rectangle/other shape provided size limitation is not exceeded). Three (3) dimensional pieces are acceptable provided the work fits within above size restrictions, and within a depth of 50cm.

CARE:

All names and other identification are to be covered or entries risk disqualification. Exhibitors must ensure they enter their work into the correct class - no transfers are permitted after entering. Exhibitors can only enter works of their own design, not the design, imagery or compositional structure of another artist's work. All work must be the result of independent effort. Entries must not be assisted by tutors or completed during class/workshops. Photocopies or entries that do not contain original calligraphy/mark making (as appropriate) will be disqualified. Illuminated works must contain calligraphy to be eligible.

JUDGING CRITERIA:

All works must contain calligraphy (excludes mark making in Experimental classes) to be accepted. Judging is primarily based on lettering/calligraphy quality (50%) together with Creativity (25%), application of Elements and Principles of Layout/Design (25%). Final application of these criteria is at the discretion of the judges.

**CRA67 - SPRING RACING CARNIVAL****Judges Comments**

On previous occasions, I have seen the use of pre-made, purchased fascinator bases on several hats. This year, I have noticed a vast increase of manufactured bases. It would occur to me that anyone interested in millinery and entering the prestigious RASV competition would want to put their best efforts forward for consideration alongside other peoples' finest examples.

Millinery denotes the traditions of handmaking and certainly this competition highlights the 'Art and Craft' of workmanship. In future years, I would suggest that words to the effect, "all entries must come from the hand of the milliner and use of purchased and manufactured elements such as bases, frames and shapes will preclude the entry from consideration" be included.

On a personal note, I would suggest that milliners start to think of more elegant and technical solutions. The prize winners this year have already grappled with these requirements. Also, the use of hat linings is not always a positive addition to the competition entries. If a hat is tidy, don't line it or at least lie with finesse and not as an afterthought.

The quest of the milliners competition should be to see advancement of technical and artistic achievement as well as innovations of style and taste. The fashion for deconstruction should not be an excuse for rush handling.

Congratulations to the winners for 2013.

## CKY51 - RICH FRUIT CAKE

## Judges Comments

What pleased me was the fruit being evenly distributed, however, the majority were overcooked in an oven too hot. The edges were excellent in most cases. A tip: a wet hand to pat the top of the cake before it goes in the oven makes for a good smooth top.

**SCH39 - CHOCOLATE CHIP BISCUITS**
**Judges Comments**

The consistency of the choc chips varied between entrants, despite this, the entrants did a good job. A suggestion next year would be to specify between white chocolate or dark chocolate.

**Judges Comments**

Excellent! There was only one out of the eleven which was perhaps not up to scratch. Two were square, when the schedule called for round. This could be changed to just a 20cm tin in the schedule.

**VAS09 - VAS LTD. STATE FINAL RICH FRUIT CAKE**

VAS LTD. RICH FRUIT CAKE: 250g each sultanas, seeded raisins (chopped), currants, 125g mixed peel (chopped), 90g red glace cherries (chopped), 90g blanched almonds (chopped), 1/3 cup sherry or brandy, 250g plain flour, 60g self raising flour, ¼ teaspoon ground nutmeg, 1/2 teaspoon each ground ginger and ground cloves, 250g butter, 250g soft brown sugar, ½ teaspoon each almond essence and vanilla essence, ½ teaspoon lemon essence or finely grated lemon rind, 4 large eggs.

METHOD: Mix together all fruits and nuts and sprinkle with sherry or brandy. Cover and leave for at least 1 hour, but preferably overnight. Sift together the flours and spices. Cream together the butter and sugar with the essences. Add the eggs one at a time, beating well after each addition, then alternately add the fruit and flour mixtures. Mix thoroughly. The mixture should be stiff enough to support a wooden spoon. Place the mixture into a prepared square tin with sharp corners, no larger than 20cm and bake in a slow oven for approximately 3 ½ to 4 hours or until cooked when tested. Allow the cake to cool in the tin.

NOTE: To ensure uniformity, and depending upon the size, it is suggested the raisins be snipped into 2 or 3 pieces; cherries into 4 - 6 pieces and almonds crosswise into 3 - 4 pieces.
