GRADUATE DIPLOMA IN MALTING AND BREWING

A course unique in Australia providing training in both Malting and Brewing in block release mode. This one year block release mode course is well established and recognised both within Australia and overseas, including the Institute of Brewing.

It provides theoretical and practical applied training and is undertaken both by industry personnel and those planning a career in the industry.

BACHELOR OF APPLIED SCIENCE (Food Science and Technology)

The Bachelor of Applied Science provides high quality training for the food and beverage industry. This three year course has produced graduates to the relevant industries for over a decade and has excellent standing.

Behind every successful
graingrower someone has
developed the market,
managed the risk,
rewarded the quality,
serviced the customer,
marketed the grain,
looked to the future...

someone.

Proof positive

Equipment and technology are among the high quality ingredients needed to brew the best beers. So it says a lot for Alfa Laval that many of the best beers in the world flow through our products.

Engineering, design, projects, installation, CIP, automation, plant optimization and commissioning are other high quality ingredients we can supply for your brewing process.

Alfa Laval is part of the world-wide Tetra Laval group. For the local Brewer it means we are always near at hand. For the multi-national, you can expect consistency and quality in products, systems and services in the same global environment.

And not least, our customer service network ensures reliable back-up and prompt spare parts supply to keep your production at peak performance.
