Forty-Sixth Annual Report of the
Council of the
ROYAL AGRICULTURAL SOCIETY
of Victoria.

To the Members.

LADIES AND GENTLEMEN,—

Your Council has pleasure in presenting the following report of proceedings of the Society for the year 1916:—

Permanent Buildings and Works.

With the object of curtailing expenditure as far as possible, your Council resolved at the beginning of the year to refrain from undertaking any further section of the improvement scheme which was commenced a few years ago, but during the military occupation of the Grounds so many cases of sickness occurred amongst the troops quartered in the old Luncheon Rooms that it was considered necessary, in the interests of the health of the general community, to demolish the old building and erect a new one in its place. Fortunately complete designs of a new group of Luncheon Rooms had been approved of in the previous year, and even though only three months were available prior to the opening of the Show the work was put in hand, and, thanks to the energetic manner in which the contractor carried out his work, the huge building was completed in every detail in ample time for the caterer to prepare for the Show.

In this group of rooms, which cost £8438 to erect and equip, special attention was given to providing up-to-date facili-

ties for the caterers. The kitchen and sculleries have a complete steam service, and in addition a large number of fly-proof cupboards are provided, so that all eatables can be kept in a thoroughly clean condition. A hot water and steam cooking service was also installed in the Grand-stand and Refreshment Rooms.

During the year practically every wooden building on the grounds was re-painted, nearly all the asphalt paths and roads were top-dressed, the arena was re-sown with grass, gardens and rockeries were laid out, and everything possible was done to add to the attractiveness of the grounds. The Railway Commissioners made a vast improvement to the railway entrance gates; formerly the public was admitted to the grounds through two groups of gates, but six groups are now provided. In past years there was much crushing at the exit gates when there were large attendances of the public, but the new arrangements should entirely abolish any of this unpleasantness.

During the year a sum of £10,877/12/2 was expended by the Society in improvements and maintenance.

In December the Society's property was carefully re-valued by Messrs. Billing, Peck and Kemter, architects, and the present value, after making full allowance for depreciation, is set down at £78,487.

The Exhibition.

The Annual Exhibition was held from 26th September to 2nd October, 1916, the extension to the last mentioned date being rendered imperative by the unprecedented inclemency of the weather experienced on the first two days of the Show. In fact, taken as a whole, the weather conditions were probably the most unpleasant in the whole history of the Society's Shows.

The attendances, though greater than during the calamitous Show of 1914, aggregated only 107,688, as against 184,637 in 1913.

The gate money, including £477/7/6 from the Grand-stands, amounted to £4630/10/9, as compared with £3454/9/3 in 1914, and £7312/15/9 in 1913.

For the purposes of comparison the following tables are published to show the number of entries in the several sections for the Shows of 1914 and 1916.

COMPARATIVE ENTRIES.				1914.	1916.
Clydesdales	118	114
Shires	11	8
Draught Horses	203	73
Suffolk Punches	8	1
Arabs	6	3
Thoroughbreds	9	5
Trotters	49	10
Roadsters	2	4
Hackneys	3	2
Cobs	14	12
Ponies	54	34
Saddle Horses and Ponies	167	121
Harness Horses and Ponies	114	85
Contests	473	393
Shorthorns	92	84
Herefords	20	13
Polled Angus	—	—
Red Polled	17	20
Devons	—	—
South Devons	11	6
Milking Shorthorns	55	50
Ayrshires	225	238
Jerseys	154	137
Guernseys	25	18
Holsteins	9	3
Kerries	—	—
Dexter Kerries	22	8
Dairy Cattle	82	96
Fat Cattle	29	7
Shropshires	63	69
Southdowns	48	38
Hampshires	6	4
Suffolks	19	23
Dorset Horns	4	4
Lincolns	146	188
English Leicesters	105	49
Border Leicesters	92	81
Romney Marsh	29	29
Merinos	12	13
Corriedales	9	12
Fat Sheep	30	22
Fleeces and Skins	34	38
Swine	249	266
Poultry	1,013	962
Pigeons, Canaries, and Cage Birds	241	182
Dogs	346	314
Carriages, Buggies, etc.	201	168
Harness and Saddlery	26	—
Farm Produce	162	140

COMPARATIVE ENTRIES.		1914.	1915.
Agricultural Societies' Competition	3	2
State Schools' Competition	1,270	149
Agricultural High Schools' Competition	7	—
Dairy Produce	222	137
Wines, etc.	239	235
Fruit and Preserves	100	143
Apiculture	32	16
Women's Industries	538	510
Bulk Handling of Wheat Competition	12	—
Totals	7,230	5339
Non-Competitive Entries	3,066	3000
		10,296	8339

It will be observed from the above tables that there was a marked shrinkage in the number of entries of heavy horses. The public demand for sires and brood mares is at present so slight that there was little or no encouragement for breeders to bring their horses down for exhibition. There are indications that interest in this important industry is being revived, so there is reason to anticipate an improvement in this department at Shows in the immediate future.

Light horses, though generally of excellent quality, were not quite up to the high figures of 1914.

Beef Cattle were in about the same numbers as usual, but the exhibition of Dairy Cattle was one of the largest and most interesting shown for many years past.

Sheep and Swine were in greater numbers than usual, and the high standard of quality maintained in these sections was largely due to the conditions which confined the competitions to only that stock which was registered in Stud Books.

The entries in most of the other sections were about the same as usual, poultry being still one of the most interesting sections of the Show.

The improvements during recent years in the Fruit section was well maintained, there being an increase of 50 per cent. on last year's record figures.

For some time past your Council has recognised that some of the sections of the Show have been lamentably weak. By the appointment of organisers for each of these sections, it is hoped that an improvement will be noticeable at future Shows. The

experiment is one that will certainly be watched with some interest.

The Machinery stands and non-competitive exhibits generally were surprisingly good. It was expected that the disabilities under which these exhibitors are now labouring would have been reflected in partially filled stands, but with admirable enthusiasm all obstacles were overcome, and there was such a rallying in support of the Society that a casual visitor would scarcely have believed that the conditions generally were not entirely normal.

To add to the interest of the reports written by the Judges upon the exhibits that were submitted to them for adjudication, photographs of all the champions are reproduced. The educational value of the innovation will be readily appreciated, and as it is intended to continue the practice in years to come, these reproductions will become more and more interesting, as they will be an invaluable record of the gradual evolution of type.

The perusal of the sectional reports, which are published as an addendum hereto, will be found of much interest.

Draught Horse Stud Book of Australia.

The work of preparing the matter for the revised edition of Volumes I—IX. (Combined) has, owing to unforeseen delays, not yet been completed. It is expected that it will be possible to place the matter in the hands of the printer early in the New Year, when every effort will be made to ensure the prompt publication of this valuable volume.

Meantime entries are being taken for Volume X., and already a large number has been received.

Your Council again desires to express its thanks to Mr. Ewen T. Campbell, of Kirk's Bazaar, for valuable services rendered during the year in checking and extending pedigrees.

In addition to official recognition in Tasmania, as previously announced, it is pleasing to note that in the 1916 Prize Schedule of the Royal Agricultural Society of New South Wales, a regulation was inserted stating that only horses entered in the Clydesdale section of the Draught Horse Stud Book of Australia, or other Clydesdale Stud Book published outside the Commonwealth, would be permitted to be exhibited in the Section for Clydesdales at the Show. A similar regulation was inserted respecting Shire horses.

Flock Book for British Breeds of Sheep in Australia.

During the year the eighth volume of the Flock Book was published, and the register now contains the revised histories and annual returns of 287 flocks of all longwool breeds. In addition, the individual pedigrees of 1693 sheep have been registered.

A comprehensive index was published which enables the history of every Flock and the Pedigree of every individually registered sheep to be at once located throughout the eight volumes into which the work has extended.

The Flock Book Committee has for a long time felt the necessity of introducing a system of inspection of all registered flocks, but many difficulties had to be overcome before a suitable scheme could be devised. Your Council is now pleased to report that this work is about to be undertaken; the inspection is to be left entirely optional with the breeders, but in every case where sheep have been inspected and passed, the fact will be noted in the succeeding volumes of the Flock Book.

Definitions appertaining to sheep have been agreed upon, and type standards, which will be printed in future volumes, have been fixed for all the longwool breeds that have been registered to date.

The Shorthorn Herd Book of Australia.

The work of compiling the first volume of the Shorthorn Herd Book of Australia has steadily advanced during the year, and it is anticipated that the initial volume will be ready for circulation within a few months. Upwards of 500 pedigrees of Shorthorn Bulls and almost as many pedigrees of Shorthorn Cows will be recorded, together with useful indices referring to dead bulls which have left their mark on the present day herds.

The Ayrshire Herd Book of Australasia.

Since the publication of Volume IX. in 1915 the Ayrshire Cattle Herd Book Society of Australasia has considerably advanced in the attainment of the objects for which it was established.

Appendices for short pedigreed females have been opened to breeders in Tasmania and New South Wales for a period of twelve months, and a branch of the Society has been formed in the latter State, Mr. James Pritchard being Chairman and

Mr. H. M. Somer (Secretary of the Royal Agricultural Society of New South Wales) Hon. Secretary.

The leading Agricultural Societies in three States (viz., New South Wales, Tasmania and Victoria) now officially recognise this Herd Book, and efforts are being made to induce the remaining States to fall into line, so that it will be the only Herd Book for Ayrshire Cattle officially recognised throughout the Commonwealth.

Entries are now being received for Volume X., which will be published about June, 1917. Already over 1000 entries are in hand, including large numbers from New South Wales and Tasmania.

The Chamber of Agriculture.

The Fourteenth Annual Convention of the Chamber of Agriculture was held at Port Fairy on 27th, 28th and 29th June, 1916. It was officially opened by His Excellency the Governor Sir Arthur Lyulph Stanley, K.C.M.G., and was attended by the Hon. the Acting Prime Minister, the Hon. the Minister for Agriculture, and other leading politicians, as well as large and representative gathering from all parts of the State.

The debates were exceedingly interesting, and the papers that were listed for consideration were productive of very valuable discussions.

A hearty vote of thanks was accorded to His Worship the Mayor of Port Fairy and to the President, Secretary and Members of the Committee of the Port Fairy Agricultural and Pastoral Society, for the courtesy extended to the Members of this Society during their stay in Port Fairy.

A very pleasing feature of the recent Convention was an excellent display of primary products from Port Fairy and Portland districts. There is reason to believe that the Agricultural Societies of both of these towns will forward a competitive exhibit for the Agricultural Societies' Competition at the next Royal Show.

Horse Parade and Sale.

The third Annual Horse Parade and Sale, under the auspices of this Society, was held at the Show Grounds, Flemington, from Tuesday, 26th, to Thursday, 28th July, 1916. Altogether 172 animals were entered for the parade, which was

well attended, and although the prices were not high, fifty per cent. of the animals were disposed of at satisfactory figures.

As in 1914, the sales were conducted in the Horse Pavilion at the Show Grounds, and arrangements were made for meals and refreshments to be provided in that building, an innovation which was appreciated by patrons of the parade.

Opinions were again strongly expressed during the parade of the advisability of confining the sales of all draught horses to one week, instead of two as at present, and it is confidently anticipated that this very desirable state of affairs will be arranged before the next "Royal" Parade in July, 1917.

Membership.

After the very heavy falling off in the Society's membership in 1915 on account of the abandonment of the Show, it is gratifying to record that practically the whole of the lee-way has been made up in the one year. At the end of the financial year the membership stood at 2001 as against 1007 in 1915, and 2087 in 1914.

During the past year upwards of 5000 circulars were sent out, but as has become quite a recognised proportion, only two per cent. of the circulars secured a favourable response.

Judging at Shows.

It is evident that exhibitors the world over have not yet discovered a system of judging that will be acceptable to all concerned. In recent years at the Society's annual shows, every known system has been tried and all have failed to give universal satisfaction.

With plural judging the establishment of type in any section is almost an impossibility, whereas with single judging, the difficulty has always been to secure a man willing and capable of undertaking the responsibilities and one of sufficient physical and mental stamina to endure the great strain that is entailed when classes are large and competition is keen. Single judging has been in operation at the 1914 and 1916 Shows, but it is evident from expressions of opinion voiced in petitions and in correspondence that a large section of stock breeders appear to favour another trial of dual judging.

Show Holiday.

For some time past efforts have been made to secure a more general observance of the public holiday granted for the Show. So far the movement has not met with any marked success. It is nevertheless gratifying to record that the State Government has decided to refrain from granting authority for the holding of race meetings within the suburban area on the public holiday which has been specially granted for the Society's Annual Show.

Jumble Sale.

During the last Royal Show a jumble sale of gifts was held to swell the funds inaugurated by the Royal Agricultural Society of England to aid the ruined agriculturists of Allied countries. To date a sum of £1738 has been received, and as sales are still being conducted throughout the country, further contributions to this fund are expected.

Veterinary Inspection of Mares.

At last Show, the veterinary inspection of mares was insisted upon for the first time, and no mare was permitted to compete for a prize unless she was certified to as being free from hereditary unsoundness. Twenty-six per cent. of the mares failed to secure certificates. The chief causes of unsoundness were ring bones and side bones. In the opinion of your Council the high percentage of rejections clearly indicated the necessity for such an inspection.

Horse Breeding Conference.

On November 3rd an Inter-State Conference was held for the purpose of devising a scheme for encouraging the breeding of horses suitable for Army purposes. Representatives from all the States in the Commonwealth were present. The report that was presented to the Hon. the Minister for Defence recommended that steps be taken to eliminate unfit sires, and that suitable stallions be provided to stand at a reasonable fee. The registration of mares suitable for breeding army horses was also urged. The Conference expressed the opinion that State Committees should be formed for supervising all matters relating to the scheme, and that a Director be appointed by the Minister for Defence to supervise the State Committees.

Your Council is confident that by well directed effort Australian horse breeders could supply a very large percentage of the horses required by the military authorities not only of Australia and India, but of Great Britain as well.

Agricultural Scholarships.

In order to encourage the development of agricultural education, your Council has decided to offer annually at Dookie or Longerenong Agricultural College a scholarship tenable for a period of three years. These scholarships will be reserved for the sons of members of the Society. It is hoped that the lead taken by the Society in this regard will be followed by other organisations, so that the study of agriculture will receive that impetus which is so essential to the maintenance of primary production.

Death of Mr. W. J. Lobb.

It was with extreme regret that your Council learnt of the death of Mr. William John Lobb in February last.

Ever since the inception of the Society, Mr. Lobb has occupied the position of Trustee and Member of Council. He was President in 1881, and from 1882 to 1897 was one of the Vice-Presidents, and for very many years was recognised as one of the hardest workers and strongest advocates in the interests of the Society.

Owing to failing health he had not been able to attend many meetings in recent years, but right up to the last he maintained a very keen interest in all the operations of the Society. The death of Mr. Lobb severed yet another of the few remaining links between the Royal Agricultural Society and the old Port Phillip Farmers' Society.

The Council.

As the nominations for election at the annual meeting did not exceed the number of vacancies on the Council, there was no poll, and the eleven retiring members whose seats had become vacant by effluxion of time were declared re-elected.

Owing to the death of Mr. W. J. Lobb a vacancy occurred amongst the Trustees of the Society. This was filled by the unanimous appointment of Mr. Job Smith—the "Father of the Council."

This appointment caused a vacancy on the Council, which was filled in May last by the election of Mr. J. F. Guthrie, of Geelong.

Messrs. T. F. Rutledge and S. G. Staughton tendered their resignations as members of the Council during the year, and Messrs. T. V. Cowan, of Benalla, and Duncan McLennan, of Geelong, were elected to fill the vacancies thus created.

Mr. H. A. Currie is still at the front, and serving the Empire with such gallantry that he has been mentioned in the despatches.

During the year Mr. A. E. T. Payne was engaged in London in attending to the requirements of Australia's sick and wounded soldiers. The necessary leave of absence was readily granted to these gentlemen to enable them to retain their seats on the Council.

Acknowledgments.

It is desired to extend to His Excellency the Governor General and Lady Helen Munro-Ferguson the Society's warmest thanks for the kindly interest they displayed in the operations of the Society, and to His Excellency for officially opening the Show.

To His Excellency the Governor, the Council wishes to express its appreciation for the enthusiastic manner in which he champions the cause of the agriculturist on every possible occasion, particularly at the Society's Annual Exhibitions.

Your Council is deeply sensible of the honour conferred upon the Society by the presence at the recent Show of their Excellencies the Governors of New South Wales, South Australia and Tasmania, and thanks them for the keen interest they manifested in all sections of the Show.

To the Government of Victoria the Society is indebted for the continuance of the annual subsidy, and for awarding Special Prizes in a number of competitions at the recent Show.

The Society's warmest thanks are again due to the donors to the prize fund. The liberality of the support accorded is the more appreciated when it is remembered that so many calls have to be met for patriotic and kindred objects.

The Judges and Stewards again performed their onerous duties in a most satisfactory manner, and your Council wishes to place on record its warm appreciation of their services.

It is also desired to accord to the Press most sincere thanks for keeping prominently before the public the whole of the operations of the Society, and to all others who assisted in furthering the interests of this Society your Council extends its warmest thanks.

Finance.

On reference to the financial statement it will be seen that the receipts totalled £29,722/0/6, but, as a sum of £6800 received as compensation from the Defence Department, and an advance of £8707/8/1 as portion of the Government loan to the Society are included in this amount, the actual revenue for the year is £14,214/12/5, being £243/17/6 less than in 1914, the revenue for 1915 being considerably below normal on account of the abandonment of the Show in that year.

The expenditure (including £4170/11/- in cash prizes, and £10,877/12/2 in buildings and maintenance) amounted to £24,335/17/4, the bank overdraft being reduced from £27,665/1/1 to £22,278/17/11, whilst the Society's indebtedness to the Government, inclusive of interest, has increased during the year from £14,049/17/8 to £22,690/0/4. Deducting from the gross receipts the amount of the compensation claim and the loan advance, and taking the expenditure in permanent improvements as an asset, the working expenses show a profit on the year's transactions of £756/7/3, as against a loss of £2136/15/- in 1915, and a profit of £1439/3/4 in 1914.
