MAIN ENTRANCE, GOVERNMENT PAVILION.

PORTION OF INTERIOR OF GOVERNMENT PAVILION.

Forty-Eighth Annual Report of the Council of the ROYAL AGRICULTURAL SOCIETY of Victoria.

TO THE MEMBERS.

LADIES AND GENTLEMEN.—

Your Council has pleasure in presenting the following report of proceedings of the Society for the year 1918:—

Permanent Buildings and Works.

As indicated in last Annual Report the increasing popularity of the Society's annual exhibitions necessitated the undertaking of another section of the permanent improvement scheme inaugurated at the Show Grounds in 1911.

In last report it was announced that tenders had been called for the erection of a new Government Pavilion, near the railway entrance. These were dealt with early in the year, and the tender of Messrs. Gay and Pickering was accepted. This spacious and ornate building, which was completed in time for the September Show, is probably the finest in the ground from an architectural point of view, and is exceedingly well lighted and ventilated. It is 180 feet in length, and exclusive of an imposing annex, which contains a convenient suite of managerial offices, is 80 feet in width.

The total cost of the Pavilion, including the artistic and effectively designed internal fittings, amounted to £10,356/16/10.

A phenomenally large entry in the swine section necessitated the erection of an extension to the Swine Pavilion. This work had to be carried out in under three weeks, but, nevertheless, was completed in every detail in time for the opening of the Show.

An extension in concrete was made to the Ladies' Room beside the Carriage Pavilion. The roof was converted into a grandstand, which added materially to the accommodation around the arena ramp.

The want of a separate platform for the trucking of stock has been keenly felt for many years, but through the courtesy of the Railway Commissioners this has now been provided in a manner that has been of double advantage to the Society.

The second class railway platform at the Flemington Racecourse Siding was formed by cutting into the side of a hill. The Society received permission to widen this platform by 43 feet, whence a roadway was formed into the western end of the Show Grounds, and this siding, being quite close to the Sheep and Swine Pavilions, and nearer to the Cattle Pavilions than the passenger platform, formed a stock entrance that offered many advantages, particularly to the class of stock most difficult to handle.

The earth that was removed from this cutting—some 7800 cubic yards (solid)—was utilised to reclaim a large area in the neighbourhood of the Sheep Sheds, and, in addition, enabled the floor level of the lower shed to be raised to a maximum height of three feet six inches.

This reclamation work necessitated the formation of several roads in

the western end of the ground. These were laid down in easy grades, and square corners were avoided wherever possible.

In place of pitchers, concrete was used for the formation of drains and kerbs. This was found to be more economical, both in prime cost and in the amount of time required to lay a given section, whilst from the sanitary point of view and the reduction in maintenance charges the concrete kerbing has undeniable advantages.

In addition to the roads already mentioned, the road around the arena was regraded and metalled, and asphalt paths laid down. This regrading made it necessary to cut down several of the old roadways to the extent of several feet—in one case to over four feet—the earth thus removed being utilised in the widening of the arena bank, which is now bounded by a rock wall practically right round the arena.

A kitchen and cooking range has been provided adjacent to the Royal group of luncheon rooms, and the scullery under the grandstand has been considerably extended.

On the works specified, together with a great number of minor improvements, the sum of £18,700/7/6 was expended during the year.

The Exhibition.

The Annual Exhibition was held from the 23rd to the 28th September. The prize schedule was again carefully revised and several sub-sections and many classes were added.

The entry secured was a phenomenally heavy one, the stands were very satisfactorily filled, fine weather prevailed during the week, the attendances were very large, and, taken as a whole, the exhibition was probably the most successful the Society has yet held.

The attendances aggregated 173,934, being second only to the 1913 figures, which stood at 184,637.

The gate money, including £1414/5/9 from the Grandstands, amounted to £8191/7/-, which is £736/12/10 in excess of the highest amount previously taken.

For the purposes of comparison the following tables are published to show the number of entries in the several sections for the last two years:—

COMPARATIVE ENTRIES				1917	1918
Clydesdales	175	159
Shires	3	3
Draught Horses	66	63
Suffolk Punches	2	1
Arabs	3	8
Thoroughbreds	10	13
Trotters	11	27
Roadsters	6	4
Hackneys	3	8
Cobs	18	13
Ponies	29	30
Saddle Horses and Ponies	194	205
Harness Horses and Ponies	130	101
Contests	470	668
Shorthorns	85	169
Herefords	19	45
Polled Angus	—	—
Red Polled	20	24
Devons	—	—

COMPARATIVE ENTRIES				1917	1918
South Devons	3	—
Milking Shorthorns	51	107
Ayrshires	254	439
Jerseys	103	148
Guernseys	17	19
Holstein-Friesians	8	22
Kerries	—	1
Dexter Kerries	14	5
Dairy Cattle	70	111
Fat Cattle	30	45
Shropshires	57	25
Southdowns	39	20
Hampshires	—	—
Suffolks	13	15
Dorset Horns	4	4
Lincolns	184	219
English Leicesters	41	76
Border Leicesters	97	120
Romney Marsh	38	62
Merinos	10	18
Corriedales	15	18
Fat Sheep	37	33
Fleeces and Skins	53	63
Swine...	452	598
Poultry	1,049	1412
Pigeons, Canaries, and Cage Birds	318	539
Dogs	383	368
Carriages, Buggies, etc.	124	110
Farm Produce	203	314
Agricultural Societies' Competition	2	3
State Schools' Competition	184	359
Agricultural High Schools' Competition	—	—
Dairy Produce	173	137
Wines, etc.	256	38
Fruit and Preserves	104	247
Horticulture	16	19
Apiculture	5	15
Women's Industries	661	882
Totals	6,312	8,150
Non-Competitive Entries	2,998	2,245
				9,310	10,395

It will be observed that whilst the entries in the horse sections were practically the same as in 1917, those for arena contests showed a marked increase. This is accounted for owing to the inclusion of extra events required for the additional day.

The Defence Department again made a most interesting and educative non-competitive display of military horses.

Cattle were in larger numbers than in any previous year, and whilst the majority of the exhibits were of the usual very high standard, many were evidently entered for sale purposes only.

Your Council has determined to attempt to exclude this class of stock in the future by strictly limiting the number of entries permitted to be made by any one exhibitor.

A very gratifying entry was received in the "Weekly Times" Champion Butter Fat Test. Excellent records were established by most of the contestants, and the competition was rendered more interesting by reason of the fact that the winner was equally successful in the ordinary class, in which type only was taken into consideration.

Latterly each successive year brings forth better and more numerous fat cattle. Some magnificent animals were exhibited this year.

There was a wonderfully fine display of sheep in all the Longwool sections. The general standard of quality was very high, and the numbers were large. Down breeds were well represented, and some particularly fine fat sheep were penned.

Fleeces were benched in the new Government Pavilion, and besides being in greater numbers than in any previous year the quality was uniformly high, and they were displayed in such a manner that the exhibit was of a very interesting and educational character.

The entry of Swine is advancing annually by leaps and bounds, and even with the added accommodation this year the number of available pens proved to be quite inadequate. It is generally admitted that steps will have to be taken to place greater restrictions upon the entries in this section in future years. Notwithstanding the exceptionally large entry, it was gratifying to note that the general standard of quality was fairly well maintained.

The exhibition of Poultry is becoming increasingly popular. The numbers are rising every year, and the quality of the stock also appears to be on the up-grade.

Great difficulty was experienced in accommodating such an exceptionally heavy entry, and a Poultry Pavilion three times the size of the building available could have been comfortably filled. Your Council intends at the earliest possible opportunity to provide more extended accommodation for the exhibits in this increasingly popular section.

Pigeons were shown in record numbers, and in the Dog section the entries were again very satisfactory.

Sheep Dog Trials, which had not been included in the schedule for many years past, proved to be intensely interesting to the general public, but particularly to the farmer, whose opportunities of seeing the working of well trained sheep dogs are, as a rule, somewhat limited.

For many years there have been only two district displays of produce by Agricultural Societies, but this year a collection from Gippsland added much interest to this section, and there are indications that in 1919 further competition of an inter-State character will be forthcoming.

Included in the Farm Produce Section was for the first time a subdivision for Table Vegetables. These classes were satisfactorily filled, and the exhibits were greatly admired. General farm produce and fruit each showed a marked advance in both numbers and average quality, but the Dairy Produce Classes showed a falling off, which was as disappointing as it was unexpected.

Owing to the imposition of certain restrictive measures rendered imperative by reason of your Council's determination to prohibit the use of alcoholic liquor at the last Show, the majority of the wine exhibitors declined to forward their usual entries. The result was that competition was practically eliminated in this section.

The exhibition of Women's Work is still gaining in popularity, and the display this year was larger and more comprehensive than on any former occasion.

The Machinery and Industrial exhibits again covered practically every available space on the grounds. Your Council desires to place on record its appreciation of the praiseworthy efforts made by these stand-holders in maintaining such exceptionally attractive displays, notwithstanding the many difficulties occasioned through the general shortages of supplies and material.

The Draught Horse Stud Book of Australia.

Registrations in this Stud Book during the year have not been numerous owing no doubt to the state of the Horse market and breeders' consequent negligence in the annual registration of progeny of registered stock.

Contrary to expectations it was found impossible to publish the revised edition of Volumes I. to IX. during the year, but as the stallion portion of the Book has been printed and checked and the mare portion of the Book is in print and being checked, the early publication of this Book can be confidently expected.

It is reported with regret that a hitch has occurred in the negotiations for the amalgamation of the Clydesdale section of the Draught Horse Stud Book of Australia and the Australian Clydesdale Stud Book.

The two parties concerned each appointed five representatives to a Provisional Federal Council. This Council unanimously affirmed the principle of accepting the standard of the Australian Clydesdale Society and deemed it necessary to accurately define the term "Clydesdale breeding," which occurred in the rules relating to that standard. This definition was also unanimously approved of and adopted.

It was further resolved to authorise the enrolment of members of the amalgamated society under the title of the Commonwealth Clydesdale Horse Society.

In Victoria more than the requisite number of members was enrolled, and five representatives elected to the first Federal Council—a meeting of which was to have been held during Show week.

On the day of the Federal Council meeting word came from New South Wales that the local breeders had been unable to form a branch of the new society in that State—the reason given being a general disapproval of the definition of the term "Clydesdale breeding."

The Victorian representatives maintain that a definition of that term is essential, and consequently invited the breeders in the parent State to submit for consideration another definition. This invitation was not accepted, but during the last few days other proposals have been submitted from New South Wales which have not yet received consideration by the Victorian representatives.

The position is, therefore, much the same as last year, except that there is a probability of South Australia uniting with Victoria in the establishment of a Commonwealth Society, and that joint representations may then be made to the New South Wales breeders to make another effort to establish a branch on the lines decided upon by the Provisional Council.

The Flock Book for British Breeds of Sheep in Australia.

Volume X. of the Flock Book, published in May last, contained the annual returns for 1917 of 282 flocks previously registered, together with the histories and particulars of 80 flocks passed and accepted for registration since the publication of Volume IX.

All flock histories were revised and brought up to date, as was done in previous volumes.

A very large number of applications for the registration of new flocks has already been received, and it is interesting to note that the major portion of these are for those sections of the book which have not been so well represented in the past.

This year, for the first time, a large meeting of owners of registered flocks was held during Show week, when it was resolved that the Royal Agricultural Society be requested to leave the inspection of flocks submitted for registration optional, as at present.

It was also unanimously resolved to recommend that the Royal Agricultural Society present Mr. E. A. Porter with the Lincoln Sires' Memorial Cup, which he had won on so many occasions, as a memento on the eve of his retirement from sheep breeding. It was decided to hold a meeting of breeders annually in future.

The Royal Agricultural Society has since adopted the recommendations of that meeting, which received the support of the Flock Book Committee, and it has been decided to erect honour boards on which the names of the winning sires in the 4 Longwool sections at the Royal Show shall be recorded in future, and to donate annually from the Flock Book funds the sum of £5/5/- as a special prize in each of these sections.

The Shorthorn Herd Book of Australia.

Volume I. of the Shorthorn Herd Book of Australia was published early in the year, and was very favourably commented upon by prominent breeders, as well as by the Press. The value of this publication, which contains the corrected and extended pedigrees of over 500 bulls and a similar number of cows, with their progeny, is indicated by the number of copies which have been purchased by those interested in the breed throughout the Commonwealth.

At a meeting of the Herd Book Committee held during Show week, it was unanimously decided to establish a Calf Register in connection with the Herd Book, and to request breeders to bring the records of progeny of their registered cows up to date by the 1st February, 1919, and to furnish additional progeny returns annually thereafter.

It was also decided to definitely close the entries for Volume II. on the 31st December, 1918, after which date the work of preparing this volume for publication would at once be proceeded with.

Your Council desires to express its appreciation of the gratuitous services rendered by Mr. Morpeth in the work of editing the whole of

the pedigrees and extending them wherever necessary, as well as attending to all other matters connected with the compilation of the Herd Book.

Mr. Morpeth, who is regarded as the greatest authority on Shorthorn pedigree in the Commonwealth, has been associated with nearly all the importations of breeding stock since 1880, and besides the vast amount of first hand information thus gained, he brought into operation during the past few years, an untiring energy and an enthusiasm that would not permit accumulating difficulties to dissuade him from attaining his objective.

Your Council and the members of the Shorthorn Herd Book Committee therefore unite in thanking Mr. Morpeth on behalf of the Shorthorn breeders of the Commonwealth for the skill, enthusiasm, and untiring energy he displayed in compiling this valuable work of reference.

The Ayrshire Cattle Herd Book Society of Australia.

In August last Volume X. of the Ayrshire Herd Book of Australasia was published. The volume is the largest in the history of the society, and contains the pedigrees of nearly 2500 animals.

The appendix, opened specially for short pedigreed females in New South Wales and Tasmania, closed automatically with the publication of this volume.

The list of members of this society, published in Volume X., contains no less than 189 names, whilst almost a similar number of stud affixes and prefixes has been registered.

At the recent annual meeting of the society it was resolved to close entries for Volume XI. on the 1st February, 1919, and to publish a volume of the Herd Book annually in future.

It was also resolved to donate the sum of £5/5/- towards the prize fund in the Ayrshire section at the Sydney Show, in addition to the sashes which have been awarded annually for a number of years.

A similar sum is annually donated by the society towards the prizes in the Ayrshire section at the Melbourne Show, and Herd Book sashes are also awarded.

It is significant to note that whilst at the 1917 annual meeting of this society a proposal to establish an Advanced Register of Merit for tested cows was defeated by a large majority, a similar proposal at the 1918 annual meeting, at which there was a much larger attendance, was defeated by a majority of only three votes.

The Australasian Jersey Herd Society (Victorian Branch).

Since the establishment of this branch nearly two years ago much good work has been done to further the interests of the Jersey breed of cattle in Victoria, and proof of its popularity amongst breeders is shown by the increase in membership, eighty names appearing on the roll at the present time.

A very satisfactory entry of Victorian cattle for Volume VII. of the Herd Book has been dealt with during the year and forwarded to the Federal Council for publication.

At a recent meeting of the Federal Council of the Society it was resolved to abolish the practice of inspection, except in cases where it was deemed advisable by the Committee. Other changes have been made or are contemplated with a view to further tightening up the regulations governing registration in this Society's Herd Book.

With a view to carrying out the objects for which the Victorian branch was established a Propaganda Committee was appointed, and in

co-operation with a publicity officer, articles are being published in which the outstanding qualities of the Jersey as a dairy cow have been shown.

Acting on the recommendation of this Committee the Victorian branch decided that the results of the Government Herd Testing Scheme be not published in the Herd Book, but in a separate booklet at the expense of the branch. This booklet, which has been duly published, contains a complete list of milk and butter fat records of standard certificated Jerseys for the years 1913 to 1918 inclusive, and has been circulated amongst members and other interested persons throughout Victoria. Copies have also been forwarded to kindred societies in Australia, New Zealand, and America.

The branch also donated the sum of £10 as special prizes for the best Australian bred Jersey cow and heifer which competed at the Melbourne Royal Show in 1918.

The Chamber of Agriculture.

The Sixteenth Annual Convention of the Chamber of Agriculture was held at Colac on 2nd, 3rd, and 4th July, 1918.

It was officially opened by His Excellency the Governor, Sir Arthur Lyulph Stanley, K.C.M.G., and was attended by the Hon. the Ministers for Agriculture and Lands and other leading politicians, as well as by a very large and representative gathering of rural producers from all parts of the State.

The subjects listed for consideration were keenly debated, and the papers that were read were productive of valuable discussions.

During the year Mr. J. B. Pearson found that owing to his many other public activities he was unable to retain his position as the Society's representative on the Council of the Chamber. His resignation was accepted with regret, and Mr. G. L. Wilson was unanimously appointed to fill the vacancy caused by Mr. Pearson's retirement.

The Executive Committee of the Chamber, in its capacity as a Board of Appeal, has recently dealt with its first case as submitted by an affiliated Agricultural Society. The disqualification imposed by the local society was upheld and due notification was forwarded to all the branches of the Chamber.

Annual Horse Parade and Sale.

The Annual Horse Parade and Sale conducted under the auspices of the Society was held at the Show Grounds from Tuesday to Thursday, 23rd to 25th July, 1918.

The Parade was well attended, and all concerned showed their appreciation of the improved accommodation for the stallions, which were this year, for the first time, housed in the Horse Pavillion, where also the sales took place.

Of the 223 animals entered, over 45 per cent. were disposed of at satisfactory prices, and the average price per head of the animals sold was £7/10/- ahead of the average price at the 1917 Parade.

The 8th Brigade Comforts' Fund provided a very satisfactory luncheon in the Council Luncheon Room during the Parade.

Tractor Trials.

During the week prior to the last Annual Exhibition trials of motor tractors were conducted by the Society at the State Research Farm, at Werribee. The demonstrations that were given proved to be of a

highly educative character, and were closely watched by large crowds of farmers and other interested persons.

Although the trials were non-competitive in character tabulated results of the several tests were prepared and published.

The success of the whole undertaking was so great that it has been decided to hold a similar demonstration prior to the 1919 Show.

Agricultural Scholarships.

In 1917 it was decided to inaugurate a scheme whereby scholarships would be made available at either Dookie or Longerenong College for the sons of members of the Society. These scholarships, which are tenable for three years, have not been keenly competed for up to the present, but there are indications that several applications will be received for the 1919 scholarship.

Student C. A. E. McLean, who was nominated in 1917, has made satisfactory progress during the first two years of the course.

Membership.

It is gratifying to record that the greatest gain in membership in any one year was achieved in 1918. A net increase of 525 over last year's figures was made—the total now standing at 2000.

Show Grounds Extension.

With a view to the future extension of the Show Grounds your Council purchased several allotments of land adjacent to the western end of the Society's property. These blocks, which have frontages to Watson's and St. Leonard Terraces, were secured at a total cost of £1879/13/3.

For many years past unsuccessful efforts have been made towards securing the closing of portion of Nyora Street (which runs along the present north-eastern boundary of the grounds), and thus linking up with the unenclosed land extending to Epsom Road.

Negotiations with interested landholders having failed, the present Government introduced to Parliament a Bill, the object of which was to enable the Society to close the northern end of Nyora Street and to open another road directly connecting that street with Union Road.

The bill provided that the Society should pay reasonable compensation to the landholders who had the right of carriage way over Nyora Street, and that, failing agreement, the amount would be settled by arbitration.

The bill was submitted to the Legislative Assembly late in the session, and was passed after slight amendment, but time did not permit of its consideration in the Legislative Council, and a motion for an adjournment of the debate on the bill was submitted and carried.

It is your Council's earnest desire that the bill will pass through both Houses at the earliest possible opportunity during next session of Parliament.

Wool Storage.

Practically all the Society's buildings on the Show Grounds have again been leased for the storage of this season's wool clip.

Besides thus being of service to the leading wool broking firms the Society will receive a handsome addition to its annual revenue, an amount of £2603/-/1 being received from this source during the financial year that has just closed.

The Council.

As the nominations for election at the annual meeting were not in excess of the number of vacancies on the Council there was no poll, and the whole of the members whose seats had become vacant by effluxion of time were declared re-elected.

Major H. A. Currie is still on active service, where he has been serving with distinction since the early days of the war. Captain A. E. T. Payne is still engaged in London in the administration of Red Cross activities.

It is with sincere regret that the deaths of two of the Society's Trustees have to be recorded.

Mr. Robert Clarke, than whom there was no stud cattle breeder more widely nor more favourably known in the Commonwealth, became ill whilst on a visit to the last Sydney Show, and died in that city shortly afterwards.

A few months later Mr. Job Smith—the "Father of the Council"—passed away peacefully in his ninetieth year. Mr. Smith had been in failing health for over a year, but nevertheless retained to a remarkable degree a close interest in the whole of the Society's operations.

The loss to the Society—both in the one year—of two such popular and highly respected members was most keenly felt, and resolutions recording your Council's appreciation of their services to rural industry generally, and to the Society in particular, were submitted and unanimously adopted.

Mr. G. T. Chirnside was appointed Trustee in place of Mr. Clarke, and Mr. John Mitchell to the vacancy created by Mr. Smith's death.

Mr. R. C. Bell, of Skipton, was elected to the Council to the seat rendered vacant by Mr. Chirnside's appointment as Trustee, and Mr. L. Dugdale, of Ballan, to Mr. Mitchell's seat.

The Journal.

Copies of "The Australian Farm and Home" are still regularly forwarded to members of the Society every month.

This publication, with which is incorporated the Society's official journal, contains articles of educational value which are of interest to the rural producers of the community, and, in addition, gives accurate reports of the proceedings at the monthly meetings of Council.

Peace.

The celebrations in connection with the signing of the armistice fell upon the day of the November meeting of Council. There was a very large attendance, and notwithstanding that many had travelled long distances to be present at the meeting, it was unanimously resolved to adjourn for a week.

The following motion was carried with much enthusiasm, and with the singing of the National Anthem and "Rule Britannia":—

"That the Council of the Royal Agricultural Society of Victoria desires to place on record its loyalty to the throne and person of His Majesty the King, and expresses its warmest appreciation of the magnificent achievements of the soldiers and sailors of the Empire, our Allies and co-belligerents in vindicating the rights of the smaller nations, and placing the principle of right above that of might, and also feels that the glorious peace that has been achieved will result in the preservation of the liberties of civilisation."

It is desired to embrace this opportunity of extending the Council's sympathy to all the members who have suffered bereavements during the period of this terrible war—to express the hope that the sick and

wounded will soon regain their health and strength, and to congratulate the whole of our brave forces upon the magnificent results of their heroic efforts, and further to unite with the peoples of our Allies in rejoicing at the approach of a victorious peace—a peace which will undoubtedly be just and lasting, and one that will secure to future generations their due rights without recourse to such a dreadful clash of arms.

Acknowledgments.

Your Council desires to extend to His Excellency the Governor-General and Lady Helen Munro Ferguson the Society's warmest appreciation of their interest in the Society's Annual Exhibition, and to His Excellency for awarding a special prize for tent pegging. It is desired to thank His Excellency the Governor for officially opening the Show, and, together with Lady Stanley, for taking such a keen interest in the operations of the Society.

The Society's warmest thanks are due to the State Government for continuing the grant of the annual subsidy, for awarding a number of special prizes for competition at the recent Show, for making the State Research Farm available for conducting the tractor trials, and for kindly permitting the Superintendent for Agriculture to address members of the Society on the subject of his recent trip to America.

It is desired to express appreciation of the courtesy of the Council of the University for permitting members of its staff to supervise the tractor trials.

To Mr. A. E. V. Richardson the Society's thanks are due for delivering an instructive and entertaining address to members and others.

It is desired to acknowledge the Council's appreciation of the liberal support accorded to the Society by the donors to the prize fund.

To the Judges and Stewards the most cordial thanks are due for the praiseworthy manner in which they carried out their onerous duties at the recent Show.

It is also desired to thank the Press for the manner in which the operations of the Society were kept prominently before the public, and to all others who assisted in furthering the interests of the Society your Council extends its warmest thanks.

Finance.

On reference to the financial statement it will be seen that the revenue for the year was £40,666/14/6. This amount includes advances by the Government to the extent of £17,017/16/10.

Excluding these advances in both cases the revenue for the year shows an increase of £4,998/5/3 on that of last year.

The expenditure (including £4,921/5/6 in prizes, £1,879/13/3 in the purchase of land, and £18,700/7/6 for buildings and improvements) amounted to £40,271/4/4 the bank overdraft being reduced from £20,291/18/8 to £19,896/8/6 whilst the Society's indebtedness to the Government, inclusive of interest, has increased during the year from £22,618/14/3 to £39,703/7/6 but the latter amount is inclusive of £10,336/16/10 which was expended on the Government Pavilion, and for the repayment of which the Department of Agriculture is responsible.

Taking the expenditure in permanent improvements and the purchase of land as assets, the working expenses show a profit on the year's transactions of £3957/14/1, as against last year's profit of £3290/7/-.

CHARLES E. MERRETT, President.

HENRY SCHWIEGER, Secretary.

Attendance of Office-Bearers.

At One Special and Twelve Ordinary Meetings of the Council
for the Year, 1918.

RULES.

1. The Society shall be called **The Royal Agricultural Society of Victoria.**

2. The objects of the Society shall be to promote the development of the Agricultural, Pastoral, Horticultural, Viticultural, Stock Raising and Industrial Resources of the State—

- (1.) By holding Exhibitions at such places and times as the Council shall appoint; and by offering and awarding prizes and premiums at all such Exhibitions, if deemed desirable.
- (2.) By holding meetings for the purpose of popularising rural life and disseminating knowledge of improved methods and new ideas in relation thereto.
- (3.) By corresponding with Agricultural and other kindred societies, and collecting information for the furtherance of the objects of the Society.
- (4.) By promoting the discovery, investigation, and introduction of improved kinds of agricultural implements and machinery, the better equipment and construction of farm buildings, the application of chemistry to the general purposes of agriculture, the destruction of insects injurious to vegetable life, and the eradication or utilization of weeds.
- (5.) By promoting the discovery, investigation, and introduction of new varieties of cereals, vegetables, or grasses suitable to the climate, and capable of being cultivated with profit; and also the introduction of desirable kinds and varieties of live stock.
- (6.) By collecting and distributing information on all subjects concerned with the objects of the Society, including the preparation and publication of Flock Books, Herd Books, Stud Books, Pamphlets, Essays, and Papers, and by the establishment and maintenance of a Library and Reading Room for the use of Members.
- (7.) By investigating the nature of diseases in animals or plants and taking measures to encourage the prevention or eradication of such diseases.
- (8.) By remunerating any person for original research work leading to the advancement of the objects of the Society.
- (9.) To do all such other lawful things as are incidental or conducive to the attainment of the above objects.

3. The Society shall consist of a President, three Vice-Presidents, four Trustees (three of whom shall be appointed as hereinafter provided, and one shall be appointed by the State Governor), Governors, Members, Honorary Members, Honorary Scientific Members (not exceeding six in number), and Corresponding Members. The term "Member" shall (unless the context otherwise requires) be deemed to include a Life Member, Life Governor, and Governor.

4. Subject to the provisions of Rule 27, every applicant for admission into the Society, by giving his name and address, with his subscription, to the Secretary, shall be duly constituted a Member

of the same, and shall have all the rights of membership till the day after the Annual Meeting next ensuing. Provided that when any subscription shall be paid in the name of any firm or company such firm or company shall nominate in writing one of the members thereof, who shall on the receipt by the Secretary of such nomination, be entitled to and exercise the rights and privileges of membership, and be bound by the Rules, By-Laws, and Regulations of the Society, and may be elected to any office.

5. Governors shall pay a subscription of three pounds, and Members one pound annually in advance, with power to compound for life by the payment in one sum of ten annual subscriptions.

6. The Society shall be managed by a Council consisting of thirty-three Members (elected from amongst the Members of the Society as hereinafter provided), and the Trustees, who shall be *ex officio* Members of the Council.

7. One-third of the Council (the Trustees excepted) shall retire annually in rotation, but shall be eligible for re-election.

8. Land acquired, or to be acquired, for the Society shall be held by and be vested in the Trustees for the time being of the Society for and on behalf of the Society. The Trustees appointed as provided by these rules shall hold office until disqualified, or until they are removed in due course at the Annual or at a Special General Meeting of the Society. Any new Trustee or Trustees shall be appointed at the Annual or at a Special General Meeting of the Society, or in accordance with Rule 14. The Trustees shall deal with the lands of the Society as directed by resolution of the Council of the Society (of which an entry in the Minute Book shall be conclusive evidence), and they shall be indemnified against risk and expense out of the Society's property. If the office of Trustee, appointed by the State Governor, shall become vacant by reason of death, resignation, or otherwise, a new Trustee shall be appointed by the State Governor.

9. The Council shall, at their first meeting after the annual election in each year, elect out of their own number (which includes the Trustees), a President and three Vice-Presidents.

10. The Council shall have the entire management of the income and funds of the Society, and all other affairs thereof, and for these purposes the Members of the Society for the time being shall be deemed to have constituted the Council of the Society for the time being their agents.

11. The Council shall have power to appoint and remove all paid officers of the Society.

12. The Council shall have power to elect Honorary, Honorary Scientific, and Corresponding Members; nominations therefor having been submitted at a previous meeting, and a notice of such nominations having been sent to each Member of the Council. The Honorary Scientific Members shall retire annually, and shall be eligible for re-election.

13. Governors and Honorary Scientific Members may attend meetings of the Council and take part in discussions thereat, but shall not have power to vote.

14. The Council may, except as to the Trustee appointed by the State Governor, fill up any vacancies in its own body created by death, resignation, or occurring in any other way amongst its office-bearers.

15. The Council shall have power to make or amend such regulations as they think necessary.

16. The Council shall be regulated in its proceedings by such By-laws as shall from time to time be enacted by it, conformably with the Constitution and objects of the Society; but no By-law shall in any case be altered, or new one proposed, unless notice of such intention has been given at a previous meeting and sent to each member of the Council.

17. The financial year of the Society shall end on the 31st day of December of each year, to which day the accounts of the Society shall be balanced. At the monthly meeting of the Council, to be held in January in each year, the Council shall prepare a list of Members nominated by them to fill the vacancies in the Council. Nominations (other than those made by the Council) of Members who may be candidates for such vacancies must be in the hands of the Secretary prior to such meeting. Every nomination other than those made by the Council shall be signed by at least two Members other than the candidate, and shall have endorsed thereon the consent of such candidate duly signed by him.

18. The Annual General Meeting shall be held on the first Thursday in February, at which meeting the Annual Report and Balance Sheet shall be submitted, Members elected to fill the vacancies in the Council, two paid Auditors appointed, and any other business transacted of which due notice in writing shall have been given before the hour of two o'clock in the afternoon of the second Tuesday in January immediately preceding.

19. Fourteen days at least before the Annual General Meeting the President or his Deputy shall send to all Members of the Society a ballot-paper, numbered, and initialled by the President or his Deputy, or the Secretary, with the names of all the candidates who have been duly nominated, and each Member desiring to vote shall erase therefrom all names he thinks fit. Provided that any ballot-paper containing more or less than the required number of names shall be rejected by the President (who shall be Returning Officer) or his Deputy at the election. Every such ballot-paper shall be returned before the closing of the poll, which shall be at three o'clock p.m. on the day of the election, and the said ballot-papers shall be opened and counted when the Returning Officer is making up the poll.

20. Fourteen days at least before the Annual Meeting a copy of the Report and audited Balance Sheet for the preceding financial year shall be forwarded to every Member of the Society.

21. The Secretary shall report to the meeting of the Council next after the Annual Meeting the Members elected to fill the vacancies in the Council.

22. A Special General Meeting of the Society may be called at any time by the Secretary, on direction of the President or on the requisition of twenty Members of the Society, of which meeting there must be given ten clear days' notice stating the business to be transacted, but no business shall be transacted at any such meeting other than that for which it has been called.

23. A Special Meeting of the Council may be summoned by direction of the President, or of three members of the Council, but no business then transacted shall be valid unless confirmed by special resolution at the subsequent Ordinary Meeting.

24. At the Annual Meeting twenty Members, including Members of Council, or at a Special General Meeting, ten Members, exclusive of Members of Council, shall form a quorum.

25. The privileges of Membership shall consist of power to vote at the election of Members of Council appointed by the Society, of free admission to the Library, Reading-room, and Lectures, and, with two ladies, to the Society's Exhibitions, grounds, and grandstands (subject to such regulations as the Council may make) on production of the member's ticket for the current year. And while the Society issues a monthly Journal a copy shall be posted free to every Member.

26. Any Member neglecting or refusing to comply with these Rules, or any or either of them, or any lawful directions or requirements by the Council made in pursuance or under the authority thereof, or being guilty either before or after becoming a Member of the Society of conduct calculated to bring the Society into discredit in connection with its General Meetings, its Meetings of Council, its Exhibitions, or other objects, shall be liable to be summoned before the Council, and, if found guilty, shall be subject to reprimand or to have his name expunged from the roll of Members, and may also be disqualified from exhibiting and may be disallowed from again becoming a Member during the pleasure of the Council. A Member expelled under this Rule shall forfeit all right in and claim upon the Society and its property.

27. Any person being expelled from Membership or disqualified from exhibiting, riding, or competing by any kindred society shall not be allowed to become a Member or to exhibit, ride, or compete at this Society's Exhibitions until such expulsion be rescinded or such disqualification be removed, provided such expulsion or disqualification be confirmed by the Council of this Society.

28. The Council shall be the sole authority for the interpretation of these Rules, and of the By-laws and Regulations made thereunder; and the decision of the Council upon any question of interpretation or upon any matter affecting the Society or the administration of its affairs, whether provided for by these Rules or by the By-laws and Regulations made thereunder or otherwise, shall be final and binding on the Members.

29. Every Member shall communicate from time to time to the Secretary his address; and all notices required by these Rules to be sent or given to Members shall be deemed to have been duly sent or given if posted or sent to such address.

30. Every person becoming a Member of the Society thereby undertakes, if at any time required to do so by the Council, to give evidence by statutory declaration or otherwise of any facts within his knowledge or information relating to the subject matter of any inquiry by the Council.

31. Every person becoming a Member of the Society shall thereby undertake to indemnify and shall with every other Member thereof be bound to indemnify the Council, and the individual Members thereof, any Committee of the Council and any Members of any such Committee, against any action or damages in respect of anything done or purported to have been done in accordance with these Rules, or the By-laws or Regulations made thereunder, during the continuance of his Membership.

32. These Rules shall not be altered except by a majority of the Members present at the Annual or at a Special General Meeting.

BYE-LAWS.

GENERAL MEETINGS.

1. Notice of the Annual and Special General Meetings of the Society shall be given in such newspapers as the Council may decide, and by circular through post to every Member; and all matters, except the election of the Members of Council at the Annual Meeting, shall be determined by a show of hands, unless a division is called for by at least three members present. At every Annual General Meeting the minutes of the last Annual Meeting shall be read and confirmed; a report, together with a financial statement from the Council, shall be submitted, and any Member present may propose any question to the Council respecting the matters contained in such report, and comment thereon, or may refer to such other matters relating to the government of the Society and the management of its affairs as to him may seem proper, provided that his remarks have reference to some motion of which notice has been previously given in accordance with Rule 18.

2. The President or his Deputy shall conduct the election at the Annual General Meeting, at which meeting two or more scrutineers shall be chosen by the President or his Deputy to assist in making up the state of the poll.

THE PRESIDENT.

3. The President shall, in all official relations of the Society, take precedence of all other Members, and shall take the chair when present, having (as well as any other Chairman of the Council) the privilege of a casting vote in addition to his own in all cases of equality in a division on any question. He shall sign all such letters, votes of thanks, and other documents as the Council may decide.

THE COUNCIL.

4. The Council shall hold a meeting at least every month, on such a day and at such an hour as the Council may decide, for the transaction of the business of the Society, and may adjourn from time to time at its discretion.

5. At the monthly meetings the Council shall have full power to originate, discuss, and decide by a majority of votes on a show of hands, all questions not involving an unusual outlay of money brought before it; provided that if any three Members present regard any proposition brought forward as too important for immediate decision they may object and demand the usual month's notice, whereupon all discussion on the question shall cease.

6. No motion, the effect of which, if carried, would be to rescind any motion previously passed by the Council during the same year, shall be entertained unless one month's notice be given to the Council.

7. The ruling of the Chairman shall be final in all matters of order and practice.

8. If within half an hour after the time at which any meeting of the Council is called a quorum of Members be not present, the Members present, or the majority of them, or any one Member if one only be present, or the Secretary, if no Member be present, may adjourn such meeting to any time not longer than fourteen days from the date of such adjournment, providing that no meeting shall be held on a public holiday, and should an Ordinary Meeting fall on a holiday the Secretary shall be empowered to postpone the date of such meeting and call it not later than ten days after the date on which it otherwise would have been held.

9. Minutes of the proceedings of every meeting of the Council or of any Committee shall be taken during their progress by the Secretary, or, in case of his absence, by some person present whom the Chairman may appoint for the occasion. The minutes shall afterwards be fairly copied into a minute book kept for that purpose.

10. The Council shall, from time to time, draw up such By-laws as may appear to them expedient for conducting the proceedings of their own meetings, which shall be binding on the Members of the Council, and all such By-laws shall be binding on all and every the Members, Honorary, Honorary Scientific, and Corresponding Members, officers, and servants of the Society, as well as on all exhibitors or their assistants at the Society's Exhibitions.

11. The Council may appoint Committees to examine into or take action on any special matter relating to the objects or business of the Society, and may dissolve such Committees when they shall think proper.

12. The Council shall appoint a banker or bankers to the Society, to whom all sums of money received by the Secretary or other persons for the use of the Society shall be paid.

13. No money shall be drawn from the Society's banking account but by order of the Council, after a report from the Finance Committee, and by cheques signed by two Members of such Committee, and countersigned by the Secretary. Entries shall be made of all such payments.

14. If any Member of Council, with the exception of the Trustees, shall be absent from three consecutive monthly meetings of the Council without leave having been obtained, his seat shall be declared vacant.

15. The Secretary shall notify to the Council any vacancy which may have occurred in the list of President, Vice-Presidents, Trustees, or other members of the Council, at the meeting of the Council at which or next after such vacancy occurred, and such vacancy shall not be filled up until the monthly meeting of the Council which shall take place next after such notice, provided that if any such vacancy occur after the ordinary monthly Council meeting in November such vacancy shall not be filled except at the next Annual Meeting.

16. In the absence of the President, the chair shall be taken by the senior Vice-President then present; and should none of these officers be present, then by such Member as the Council shall choose

as their Chairman by a majority of votes. (The senior Vice-President shall be deemed to mean the Vice-President who has been a member of Council for the greatest number of years in the aggregate.)

17. The quorum of a monthly or special meeting of Council shall be five.

18. At every monthly meeting of Council the order of business shall be as follows:—

- (1.) Reading and confirming minutes of previous meeting.
- (2.) Business arising from minutes.
- (3.) Election of officers, and nominations for vacancies.
- (4.) Committee's Reports.
- (5.) Motions.
- (6.) Correspondence.
- (7.) Postponed business.
- (8.) General business.
- (9.) Notices of motions.

19. All minutes and reports read to and adopted by the Council, shall be signed by the Chairman.

20. The report from the Council to the Annual Meeting in February shall be prepared at the Council meeting first in January or at some adjournment thereof.

COMMITTEES.

21. The Council shall elect such standing Committees at the monthly Council meeting in February as they think fit, and such Committees shall remain in office until the Annual General Meeting in the ensuing year, two members of Committee to form a quorum.

22. The President shall be *ex officio* a member of all committees.

23. Each Committee, at its first meeting, shall elect its own Chairman for the year, and in his absence a Chairman shall be elected by the Committee for the occasion.

24. All Committees shall make or adopt rules for the conduct of their business, and shall make a report of their proceedings to the Council, and shall hold office until they have made their respective reports; but in case such reports shall not have been made previous to the first Thursday in February next after their appointment, their powers shall then cease, providing that standing Committees shall retain office till their successors are appointed.

THE SECRETARY.

25. The Secretary shall be immediately responsible to the Council for the discharge of his various duties. He shall attend the sittings of all meetings of the Council, and of Committees, and shall keep all the Society's books. He shall also conduct the correspondence of the Society, and keep copies of all letters on the business of the Society.

26. Under the direction of the Finance Committee, he shall be responsible for all moneys received, paying such sums into the Society's bank, and producing at each meeting of the Finance Com-

mittee receipts for the same; and, excepting the amounts allowed him for petty cash, he shall not retain in his hands any money belonging to the Society, but shall pay it over forthwith to the Society's bank. He shall have the charge of the expenditure for petty cash.

27. He shall have the custody of all books and property of the Society. All books, pamphlets, &c., becoming the property of the Society shall be stamped with the Society's stamp at once.

28. He shall have the immediate superintendence over the clerks and servants of the Society, and shall be required to report to the Council any instances of misconduct on their part which he may think of such a nature as to require the consideration of the Council.

29. He shall find, if required, approved security to the amount of £500, the premium to be paid by the Society.

30. The Secretary shall not exercise any of the privileges of a Member of the Society.

FINANCE.

31. The Finance Committee shall have the immediate care of the Society's funds, and shall meet before the ordinary Council meeting in each month, in order to prepare a report for the Council on the state of the Society's funds, which they shall present to each monthly meeting, as well as a statement of the payments recommended to be made, together with all the books in which entries of cash receipts or payments are made, and such documents as the business of the day may require. Should a report from the Finance Committee not have been presented at the meeting of the Council, the Secretary shall report the state of the funds to the Council, in which case the Council shall vote the moneys required without such report.

32. The Chairman of the Finance Committee shall be the Honorary Treasurer of the Society.

33. All receipts for money received on behalf of the Society shall be out of a book with counterpart.

34. All moneys received and paid shall be entered daily in a general cash book.

35. The accounts of the Society shall be audited as may be required by the Council by two professional accountants to whom a balance-sheet shall be submitted by the Secretary immediately after the close of the financial year, and such, when audited, shall be presented at the Annual Meeting.
