# FIFTY-SECOND ANNUAL REPORT

OF THE

## COUNCIL

OF THE

# ROYAL AGRICULTURAL SOCIETY

## OF VICTORIA.

---

To the Members.

Ladies and Gentlemen,—

Your Council has pleasure in presenting the following report of proceedings of the Society for the year 1922.

### **Permanent Buildings and Works.**

During the year very few works of a permanent character were undertaken, but many minor improvements, both in the accommodation for exhibits and in the comfort and convenience of show patrons, were carried out.

A new turnstile building at the city end of the Show Grounds was erected at a cost of £303, and two additional sets of exit gates were provided along the Epsom-road frontage.

Increased hot water storage under the grandstand, and additional facilities in the bars and luncheon rooms were provided at a cost of £261.

In addition to these works, there were many of a minor character, but the total expenditure on permanent buildings and works for the year only amounted to £1041/15/11.

Towards the end of November a start was made on the erection of a grandstand for the exclusive use of members. This building should be completed in ample time for the 1923 show, and will, undoubtedly, provide a long-felt want on the Show Grounds.

### **The Exhibition.**

The Society's Annual Exhibition was held from the 25th to the 30th of September. A liberal schedule of prizes was offered, and the conditions of competition in the various sections were carefully revised.

A record entry was received, and temporary accommodation had to be provided in a number of sections.

Though the weather conditions were far from ideal, it is pleasing to report that record attendances were established on every day of the show except Tuesday, which was particularly wet and unpleasant; the aggregate of 230,265 for the week being 17,339 ahead of the record established in 1921.

The gate-money, including £2046/5/6 from the grandstands, amounted to £17,635/11/5, being £1294/4/2 in excess of last year's figures.

For the purposes of comparison, the following tables are published to show the number of entries in the several sections for the last two years:—

It will be observed that, though there was an increase in the entries for heavy horses, there were fewer light horses shown. The quality throughout was well maintained, though the tendency to breed Clydesdales of a particularly light type was noted with regret.

Whilst Shorthorns were not as numerous as last year, a very satisfactory increase was received in the Hereford Section. Dairy cattle—particularly Ayrshires and Jerseys—were shown in such numbers that the accommodation in the cattle pavilions proved quite inadequate, and it is the intention of your Council to endeavour to devise means of further restricting the number of entries, and, at the same time, raising the average standard of quality.

Whilst undoubtedly much of the finest dairy stock in the Commonwealth was exhibited, there was a fair percentage that had no possible chance of gaining an award.

The milk and butter fat tests created more interest than usual, and the results of these competitions are now keenly followed by a very large section of the rural community.

A highly satisfactory entry of the British breeds of sheep was received, and whilst there was a heavy falling off in the number of Lincolns, there were substantial increases in Border Leicesters and in the Down breeds. There was a consensus of opinion that the general standard of quality in the sheep sections was never higher.

A tremendously heavy entry was received in the Swine Section, and here again the quality of the exhibits was very satisfactory.

Poultry, pigeons and dogs were entered in record numbers, and the available accommodation was taxed to its utmost.

Cats were exhibited for the first time, and they created a good deal of interest, both amongst the fanciers and the general public.

The exhibits in Farm and Dairy Produce are not as numerous as is desired, and although, from a seasonal point of view, a large entry in farm produce can hardly be hoped for, a much better display of dairy produce might reasonably be expected.

The three magnificent collections of produce staged by Agricultural Societies were most creditable to all concerned, as was also the surprisingly fine collection of products from a single farm in the Jeparit district.

Wines, Fruit and Apiculture were exhibited in about the usual numbers, and the section for Women's Industries is still increasing in popularity.

There was a slight falling off in the number of entries for the Youths' Judging Competitions, but this was attributable to the limitations on the number of entries that each competitor could make.

The arena contests were well filled, and were conducted with a commendable swing right through the show.

Farriery competitions were conducted for the first time. These were productive of much interest, and it is hoped that a general improvement in the shoeing of horses will result.

The display of industrial and agricultural exhibits and motor vehicles of all descriptions was superior to that of any previous year. Many fine exhibit buildings were erected—notably, the "Gibsonia Stand" by Messrs. Foy and Gibson Pty. Ltd., and very fine and ornate stands by the Forestry Commission, Messrs. Lever Bros. Ltd. and Messrs. Thomas McPherson & Sons. In addition to these, several very fine motor stands were built, including two large halls that were erected co-operatively by a number of motor firms.

The electric trains provided a service for passengers that could hardly be excelled, and whilst the railway transportation of live stock was also well handled, much inconvenience is still caused by roadside delays, which should be avoidable.

### **Flock Book for British Breeds of Sheep in Australia.**

Volume 14 of the Flock Book, containing the histories and returns of 341 flocks, was published in March last.

During the year negotiations were successfully completed with the Secretaries of the Australian Shropshire Register, the South Australian Shropshire Flock Book and the Tasmanian Shropshire Flock Book, for the incorporation in the book conducted by this Society of all the Shropshire flocks which were previously registered in these books, and consequently, a total of 33 Shropshire flocks will be included in Volume 15, which is now in course of preparation.

A number of new applications for the registration of other breeds of sheep have also been received during the year, and they too will be included in the new volume.

The annual meeting of owners of registered flocks was held on the Thursday of show week, and was well attended. Numerous items of interest to flock breeders were discussed, and referred to the Flock Book Committee for attention.

The Committee again paid out of the flock book funds special prizes of £5/5/- each to the owners of the winning sires in the four Longwool Sections at the recent show. A special trophy, valued at £5/5/-, was presented to the winner of the Shropshire Sires' Memorial, and the prize-money in the Sheep Sections of the Youths' Judging Competitions was also augmented to the extent of £12.

### **The Commonwealth Clydesdale Horse Society.**

The entries received for the first volume of the Commonwealth Clydesdale Stud Book were examined by the Federal Editing Committee in July, and authority was given to proceed with the compilation of the book. This work had necessarily to be suspended during the show rush, but since then good progress has been made, and the matter will be handed to the printer as early as possible in the new year.

### **The Ayrshire Cattle Herd Book Society of Australasia.**

This Society published the fourteenth and largest volume of its herd book during the year, and has already received a good entry for Volume XV., which will be closed on 1st February. A very attractive booklet, containing a brief history of the Ayrshire breed, and the records put up by individual cows under Government test in New South Wales, Tasmania and Victoria was also published, and its circulation should lead to increased popularity of this breed throughout the Commonwealth.

### **The Australasian Jersey Herd Society (Victorian Branch).**

As a direct result of the active propaganda work done by the Committee of this branch, the membership again shows a big increase over previous years and the large number of entries received for the Herd Book during the year is a striking proof of the ever-increasing popularity of the Jersey breed in this State. To facilitate propaganda work, an attractive brick kiosk was erected at the Show Grounds, and a large amount of literature concerning the breed was distributed therefrom during the recent show.

### **The Red Poll Cattle Breeders' Association of Australasia.**

This association has made very satisfactory progress during the year. Many new members have been enrolled, and a large number of entries received for the second volume of its Herd Book. This volume has been compiled, and will be published early in the new year.

### **The Friesian Cattle Club of Australia (Victorian Branch).**

Representing, as it does, breeders in Victoria, Tasmania and King Island, this is one of the strongest branches of the club. A large number of entries has been forwarded to the General Secretary for inclusion in Volume 3 of the Herd Book, and many more have already been received for Volume 4. A second booklet was printed and circulated during the recent show, and breeders are very optimistic regarding the future of Friesians, not only in Victoria, but throughout Australia. Your Council recently agreed to the secretarial work of the Federal Council of this club being undertaken by its staff from the 1st January, 1923.

### **The Milking Shorthorn Cattle Breeders' Association of Victoria.**

This newly-formed association received very satisfactory support, and over 300 entries have been submitted for registration in Volume 1 of the Herd Book. The majority of these animals has already been inspected and tattooed by the association's official inspector, and it is expected that it will be possible to undertake the compilation of the volume in the near future.

### **Government Herd Testing Scheme.**

As a result of further negotiations, following on those referred to in the last annual report, the Government decided to test all pure cattle submitted at a fee of £2 per herd, and 10/- per cow, per annum, from breeders other than returned soldiers, and £1 per herd and 5/- per cow, from returned soldiers, for a period of five years.

### **The Chamber of Agriculture.**

The Twentieth Annual Convention of the Chamber of Agriculture of Victoria was held at Horsham on 4th, 5th, and 6th of April, 1922.

It was officially opened by the Premier of Victoria (Hon. H. S. W. Lawson, M.L.A.), and was attended by a large and representative gathering of delegates from all parts of the State.

The debates were of great interest, and the papers that were listed for discussion and the addresses that were delivered were productive of very valuable discussions.

One important result of the debates at the Convention, was the decision of a number of agricultural societies to conduct experiments on the effects of a treatment of artificial manure on pasture land. Test plots were scientifically conducted in many parts of the State, and reports on the results are to be submitted at the Convention, which is to be held in Hamilton next April.

At the conclusion of the Convention, facilities were provided which enabled delegates to inspect the extensive water conservation works in the Horsham district. A visit was also paid to the Murtoa freezing works. It is believed that excursions of this character are of great educational value to the "man on the land."

Your Council accorded a hearty vote of thanks to his Worship the Mayor of Horsham, and to the President, Secretary and members of the Committee of the Horsham Agricultural Society for the courtesies extended to the representatives of this Society during their stay in Horsham.

### **Horse and Cattle Sales.**

The Horse Parade and Cattle Sales conducted under the auspices of the Society were held at the Show Grounds on Tuesday, Wednesday and Thursday, 19th, 20th and 21st July, 1922.

The number of entries received for the Horse Sale was slightly below that of last year, viz., 125, as against 156. There was a bigger entry of stallions, but the entry of mares showed a considerable decrease. The bidding for animals in the sale ring was not very spirited, but the agents reported a very good private sale of all animals showing quality.

Entries for the Cattle Sale were slightly in excess of those last year, but the support accorded this sale is not what it should be, owing, no doubt, to the close promixity of the Show Sales, coupled with the fact that cattle are not looking their best at that time of the year.

A total number of 67 entries was received, and, as the quality of the animals was not of the best, the prices were anything but high for those that did change hands.

Prominent breeders have suggested that the Cattle Sales should revert back to the month of May, and this matter will receive the Sale Committee's attention in the new year.

Arrangements for the conduct of both sales were very satisfactory, and the profit on the fixture amounted to £30/5/8, as compared with £45/2/6 last year.

### **Agricultural Scholarships.**

The holders of the Society's Scholarships at the Dookie Agricultural College are making steady progress. It is expected that Master J. R. Vicary will take his Diploma in March next, and it is hoped that Master W. R. I. Horne, who holds the 1921 Scholarship, will improve his position in his class, and also take his Diploma in 1924.

Owing to the lack of competition, no scholarship was awarded in 1922.

### **Membership.**

Your Council has pleasure in reporting that the membership of the Society has shown another gratifying increase. Last year the record number of 3,953 members was enrolled, but this year the membership stands at 4,362, an increase of over 400, and it is confidently expected that next year, when the members' grandstand, which is now being erected, is available, over 5,000 members will be enrolled.

### **Extension of Show Grounds.**

Having purchased the only remaining property between Nyora-street and Epsom-road, Ascot Vale, your Council has determined to extend the Show Grounds right down to Epsom-road, and, at the same time, to make provision for the latter thoroughfare to be widened by ten feet so as to enable additional tram lines to be laid down to cope with the ever-increasing traffic at Show time.

Representations are also to be made to the Railway Department to provide a subway at the railway crossing at Epsom-road, not only to permit trams to deliver passengers right at the turnstile entrances, but also to facilitate the very heavy road traffic by motor cars and other vehicles.

The lease of the Grand National Tower Hotel has been extended until 31st December, 1923, but immediately after that date the building is to be demolished, and the land in that locality enclosed in the Show Grounds.

### **Jubilee Grandstand.**

When the scheme for financing the erection of a grandstand for the exclusive use of members was launched in 1919, it was never anticipated that it would be so strongly supported, and your Council desires to express its gratitude to all who in any way assisted in this movement. At the close of the financial year, an amount of £14,500 had been promised, of which £14,214/7/- had been paid into the Trust Account that was opened for this purpose.

In November, the tender of Messrs. Vincent & Smith, at £5,170, for the erection of the concrete portion of the structure was accepted and it is hoped that the Society's own staff will be able to complete the work in ample time for the 1923 Show.

### **Duration of Show.**

The Annual Shows of the Society have now become so extensive that it is absolutely impossible, during the period of one week, for patrons to inspect all of the exhibits in which they are interested.

The expense of preparing the exhibit stands and the cost of conducting the Show are also increasing every year, consequently, it was unanimously decided to hold future Shows for nine days instead of six as formerly. In order that no hardships will be inflicted upon live stock, horses, cattle, sheep and swine are to be permitted to leave the grounds on the evening of the seventh day.

### **Farm Competition.**

The Society's third Farm Competition was conducted in the Mallee district last harvest, and a great deal of interest was created amongst the farmers in the immediate neighbourhood. The number of entries in the local competitions showed a marked increase on those of last year, and, as usual, only the first and second prize-winners in these competitions were eligible to compete for the Society's prizes.

The Competition was won by Mr. A. T. Couzner, of Beulah, who secured 232 points out of a possible of 300, the second prize being awarded to Messrs. M. E. Schulz & Sons, of Warracknabeal, who secured 229 points.

Mr. H. A. Mullett (Senior Field Officer of the Department of Agriculture) again carried out in an efficient manner the duties of adjudicator, and was ably assisted by Mr. J. Keane, who acted as Steward.

### **The Journal.**

Throughout the year, the "Australian Farm and Home," with which is incorporated the Society's official Journal, has been regularly forwarded to members every month. This publication not only gives an accurate report of the proceedings at the monthly meetings of Council, but publishes many articles that are of very great interest to stockbreeders and to rural producers generally. Information of this character is regarded by your Council as being of high educational value.

### **The Council.**

As the nominations for election at the annual meeting were not in excess of the vacancies on the Council, there was no poll, and the whole of the members whose seats had become vacant by effluxion of time were declared re-elected.

It is with very great regret that the death of the Hon. William Kendell is recorded, the sad event taking place on 19th October, 1922. Mr. Kendell had been a member of Council since 1910, and had occupied the position of Vice-President in 1915, and had always taken a very keen interest in the affairs of the Society. The loss caused by Mr. Kendell's death was keenly felt, and resolutions recording your Council's sympathy with the bereaved widow and family were unanimously adopted.

Mr. Hugh McClelland, of Berriwillock, was, at the November meeting of Council, elected to the vacancy caused by Mr. Kendell's death.

On 13th June, Mr. T. A. Grant, who had, for very many years, been closely associated with the work of the Society, and had, at all

times, been one of its most active supporters, tendered his resignation as a member of Council. The resignation was accepted with very great regret, and a motion of appreciation of Mr. Grant's services to the Society was unanimously adopted.

Mr. J. F. Bedwell, of Numurkah, was, on the 11th July, elected to the vacant position on the Council, caused by Mr. Grant's retirement.

Major H. A. Currie was granted leave of absence during his visit to India, and it is noted with pleasure that, as a result of that visit, Australia is to benefit by an influx of the most desirable of new settlers.

### **Acknowledgments.**

Your Council is deeply sensible of the honour conferred upon the Society by their Excellencies the Governor-General and Lady Forster, not only by their presence at the Annual Exhibition, but also for the interest they displayed in the whole of the operations of the Society.

It is desired to extend to his Excellency the Governor the Society's warmest thanks for officially opening the Show, and, together with the Countess of Stradbroke, for furthering the interests of the Society on every possible occasion.

The Society is indebted to the Government of Victoria, not only for continuing the annual subsidy, but also for augmenting the prizes in a number of sections at the recent Show, and for arranging its usual magnificent display of produce in the Government Pavilion.

It is desired to acknowledge the Council's keen appreciation of the liberal support accorded to the Society by the donors to the prize fund.

The best thanks of the Society are due to the judges and stewards for the efficient manner in which they performed their onerous and arduous duties during the recent Show.

The action of the Press in keeping prominently before the public the operations of the Society is very greatly appreciated.

To all others who assisted in any way in furthering the interests of the Society, your Council accords its warmest thanks.

### **Finance.**

On reference to the financial statement, it will be seen that the revenue for the year was £36,981/15/11, which shows an increase of £3962/9/5 on that of last year.

The expenditure (including £5940/6/6 in prizes, £1,200 in the purchase of property, and £1,041/15/11 for buildings and improvements) amounted to £29,441 14 3, the bank overdraft being decreased from £29,069/14/- to £21,529/12/4, and the Society's indebtedness to the Government, inclusive of interest, decreased during the year from £42,149/14/4 to £41,401/15/7, whilst, in addition, a sum of £2360/10/- has been deposited in the Jubilee Grandstand Trust Account.

Taking the expenditure in permanent improvements, and the purchase of property, as assets, the working expenses show a profit on the year's transactions of £9781/17/7, as against last year's profit of £4971/6/8.

CHARLES E. MERRETT, President.

HENRY SCHWIEGER, Secretary.

## HORSES

### CLYDESDALE (MALES).

T. Robson, Crow's Nest, Sydney, N.S.W.

(Complete awards in this Section will be found on page 18.)

Of the fifteen Clydesdale stallions paraded in the class for four-year-olds and over, the first prize winner (and subsequent champion stallion) was a horse of typical Clydesdale character. Taking the class as a whole, it was one of the best I have seen in any show ring, and comprised some very useful animals. The three-year-old stal-

lions, of which 20 paraded, formed a big class to judge, but the general standard of the older class was not maintained, as the four placed horses which showed good type stood out from the rest of the exhibits. The two-year-old colts were rather mixed as to type and size, the winner being a typical specimen of the breed, though lacking in size. A great many yearling colts were paraded, and these, like the two-year-olds, were a mixed lot. Except for the placed animals, the class was, on the whole, disappointing. I was,

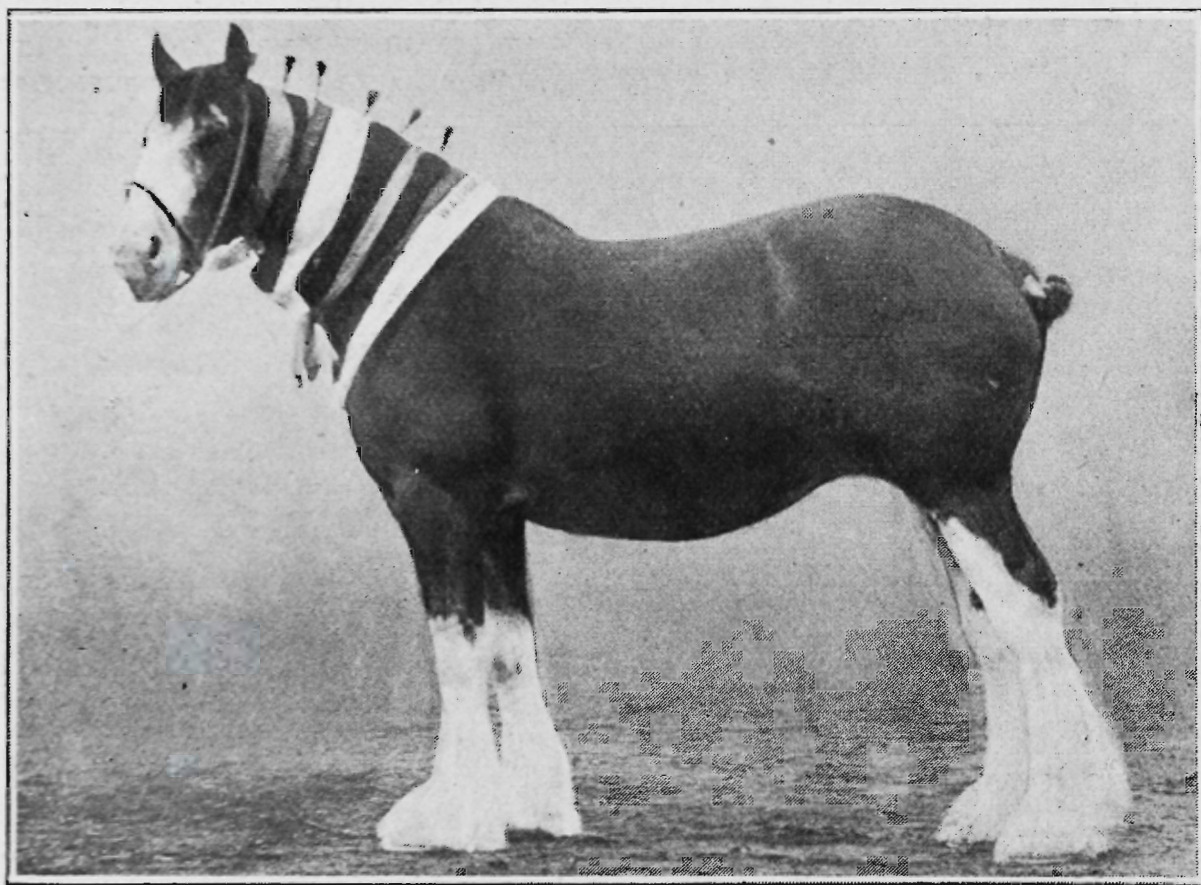

however, much impressed with the soundness of the young stock, which, no doubt, is largely due to the fact that Victoria has exercised an interest in horse breeding by legislating for the protection of breeders from unsound and mongrel stallions.

### CLYDESDALE (FEMALES).

John J. McCarron, Nathalia.

(Complete awards in this Section will be found on page 18.)

At the recent Show the Clydesdale Female Classes were very strongly represented throughout, and contained some excellent specimens of the breed. The winner in the brood mare class was an exceptionally fine type of mare; she possesses size and quality, is set on good feet and pasterns, and is a close mover. I had no hesitation in awarding this mare the championship. The winner of the second prize in this class was also a good type of mare; she has good feet

and pasterns, but is set rather far back at the knees. She possesses good quality, but is lacking in size compared with the winner. The third prize winner was only an ordinary sort, and possesses nothing outstanding.

The winner in the dry mare class was a very nice quality mare with a splendid set of feet and beautiful sloping pasterns, true action, and with bone and hair of the first quality. The second in this class was a good big mare, but somewhat faulty in her action, and not of the same quality as the winner. The third was a nice quality mare, but somewhat out of condition.

The three-year-old fillies were only an ordinary lot. The first prize winner was well grown, and possessed fair quality and action. The second had good feet and pasterns and good close action. There was very little between this filly and the winner.

The winner in the class for two-year-old fillies stood out alone. She is a beautiful type of Clydesdale, having typical sloping pasterns and wide open feet, nice flat bone and hair like silk, and is a nice, close mover. I had no hesitation in awarding this filly the Reserve Championship. The second prize winner possessed good quality, and was a very useful type of filly.

The yearling fillies were a very strong class, and contained some very fine specimens of the breed. The first prize winner has good feet and pasterns, nice quality, is a close mover and a very even filly throughout, and should develop into a very nice mare. The second has good feet and pasterns, and good quality and action, but is not so even on top as the winner. One thing that struck me in the yearling filly class was that, with the exception of a few, they all had good, sound feet and pasterns, and, it is my opinion, that the registration of stallions is beginning to have a marked effect upon the soundness of our young stock.

## TROTTERS.

John Phyland, Watson's Terrace, Ascot Vale.

The aged stallion class had a big entry, and the exhibits were a good average lot. The three-year-old stallions were well represented, and were of fair average quality; one amongst them being an extra fine horse. He was, I understand, bred in Brisbane. He secured the championship of the Show.

Mares driven in sulky or buggy were in good numbers, and a few good ones were shown, but none were really outstanding. The two-year-olds and yearlings were rough and in very poor condition. Very few of them were in a fit condition to take to any show.

## COBS AND PONIES.

C. T. Lucas, Chelsea, Pomborneit.

Taken as a whole, the exhibits in the Cob Section, though few in numbers, were of satisfactory quality. The only entrant in the class for stallion between 14 and 15 hands was a fine cob, and well worthy of the prize. The winning cob mares were really good harness horses.

In the Welsh pony mare class, not exceeding 13 hands, the winner was outstandingly good, but a couple of the others were only ordinary and in rather poor condition.

In the section for breeding ponies the entries were again unsatisfactory, and a large proportion of the exhibits were not up to the standard one would expect at a Melbourne Royal Show.
